Title 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 201]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 922.501 Valencia Orange Regulation 201.

(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act,

to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 9, 1960.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., June 12, 1960, and ending at 12:01 a.m., P.s.t., June 19, 1960, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 500,000 cartons;

(iii) District 3: Unlimited movement.

(2) All Valencia oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: June 10, 1960.

FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Lemon Reg. 850]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 953.957 Lemon Regulation 850.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 23 F.R. 9053), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this section is based become available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on June 7, 1960.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., June 12, 1960, and ending at 12:01 a.m., P.s.t., June 19, 1960, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 418,500 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: June 9, 1960.

[Peach Order 2]

PART 962—FRESH PEACHES GROWN IN GEORGIA

Limitation of Shipments

§ 962.319 Peach Order 2.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 62, as amended (7 CFR Part 962), regulating the handling of fresh peaches grown in the State of Georgia, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendation of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that this order will tend to effectuate the declared policy of the act with respect to shipments of fresh peaches grown in the State of Georgia.

(2) It is hereby found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective time of this section until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001–1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than June 12, 1960. Shipments of the early varieties of the current crop of peaches are now being made and this section should be applicable, insofar as practicable, to all shipments of such peaches in order to effectuate the declared policy of the act; and compliance with this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a.m., e.s.t., June 12, 1960, and ending at 12:01 a.m., e.s.t., September 1, 1960, no handler shall ship peaches in any bulk lot or any lot of packages (except peaches in bulk to destinations in the adjacent markets) which are of a size smaller than 1¾ inches in diameter, except that not more than ten (10) percent, by count, of such peaches in any bulk lot or any lot of packages may be of a size smaller than 1¾ inches in diameter, but not more than fifteen (15) percent, by count, of such peaches in any individual package in any lot may be of a size smaller than 1¾ inches in diameter.

(c) When used in this section, the terms "handler," "adjacent markets," "peaches," "peaches in bulk," and "ship" shall have the same meaning as when used in the aforesaid amended marketing agreement and order, and the term "diameter" shall have the same meaning as when used in the revised United States Standards for Peaches (§§ 51.1210 to 51.1223 of this title).

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: June 10, 1960.

FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

PART 1021—TOMATOES GROWN IN THE LOWER RIO GRANDE VALLEY IN TEXAS

Approval of Expenses and Rate of Assessment

Notice of rule making regarding the proposed expenses and rate of assess-

ment to be made effective under Marketing Order 121 (7 CFR Part 1021, 24 F.R. 2425), regulating the handling of tomatoes grown in the Counties of Cameron, Hidalgo, Starr, and Willacy in Texas (Lower Rio Grande Valley), was published in the FEDERAL REGISTER May 24, 1960, (25 F.R. 4557). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674).

This notice afforded interested persons an opportunity to file data, views and arguments pertaining thereto not less than five days after publication in the FEDERAL REGISTER. None was filed.

After consideration of all relevant matters, including the proposal set forth in the aforesaid notice, which was recommended by the Texas Valley Tomato Committee established pursuant to the aforesaid marketing order, it is hereby found and determined that:

§ 1021.202 Expenses and rate of assessments.

(a) The reasonable expenses that are likely to be incurred by the Texas Valley Committee established pursuant to Marketing Order No. 121, to enable such committee to perform its functions pursuant to the provisions of the aforesaid marketing order, during the fiscal period ending February 28, 1961, will amount to $20,000.

(b) The rate of assessment to be paid by each handler pursuant to this part shall be one cent ($0.01) per 60-pound crate of tomatoes, or the equivalent quantity thereof in other containers handled by him as the first handler thereof during said fiscal period.

(c) The terms used in this section shall have the same meaning as when used in Marketing Order No. 121 (7 CFR Part 1021).

It is hereby found that good cause exists for not postponing the effective date of this document beyond the date of publication in the FEDERAL REGISTER (5 U.S.C. 1001–1011) in that (1) the rate of assessment set forth herein applies to handling of tomatoes grown in the production area and the handling of the 1960 spring crop of tomatoes has begun, (2) it is necessary that such rate of assessment be established at the earliest possible date in order to facilitate operations under the marketing order and (3) notice hereof has been given by publication in the FEDERAL REGISTER of May 24, 1960, 25 F.R. 4557.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: June 8, 1960, to become effective upon publication in the FEDERAL REGISTER.

FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Title 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 616—BUTTON, JEWELRY, AND LAPIDARY WORK INDUSTRY IN PUERTO RICO

Pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1062, as amended; 29 U.S.C. 205), the Secretary of Labor by Administrative Order No. 531 (25 F.R. 3178), appointed and convened Industry Committee No. 47–A and referred to it and duly noticed a hearing on the question of the minimum wage rate or rates to be paid under section 6(c) of the Act to employees in the button, jewelry, and lapidary work industry in Puerto Rico as defined in said Administrative Order, who are engaged in commerce or in the production of goods for commerce. There was not referred to the committee the wage rate fixed for the gem stone classification of the industry (23 F.R. 4993), which had reached the objective of the minimum wage prescribed in paragraph (1) of section 6(a) of the Act.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the committee filed with the administrator a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1064, as amended; 29 U.S.C. 208), Reorganization Plan No. 6 of 1950 (64 Stat. 1263; 3 CFR, 1950 Supp., p. 165), General Order No. 45–A (15 F.R. 3290) of the Secretary of Labor, the recommendations of the committee are hereby published in this order amending 29 CFR Part 616, effective June 27, 1960, to read as follows:

Sec.
616.1 Definition.
616.2 Wage rates.
616.3 Notices.

AUTHORITY: §§ 616.1 to 616.3 issued under sec. 8, 52 Stat. 1064, as amended; 29 U.S.C. 208. Interpret or apply sec. 5, 52 Stat. 1062, as amended; 29 U.S.C. 205; sec. 6, 52 Stat. 1062, as amended; 29 U.S.C. 206.

§ 616.1 Definition.

The button, jewelry, and lapidary work industry in Puerto Rico, to which this part shall apply, is defined as the manufacture from any material of buttons, buckles, jewelry (including rosaries), jewelry findings (including beads), and hair ornaments and accessories; and the processing of natural or synthetic stones for jewelry or industrial use.

§ 616.2 Wage rates.

(a) Wages at a rate of not less than 47 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the rosary and native jewelry classification of that industry, which is defined as the assembling of rosaries and the manufacture of novelty jewelry from materials wholly or in major part of local origin such as seeds, shells, natural fibers, and similar materials.

(b) Wages at a rate of not less than 76 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the hair ornaments classification of that industry which is defined as the manufacture of hair ornaments such as combs, clips, or barrettes decorated or ornamented with precious metals or with natural or imitation stones or pearls.

(c) Wages at a rate of not less than 72 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the hair accessories classification of that industry, which is defined as the manufacture from any material of bobby pins, hair clips, hair curlers, hair wavers, and other hair accessories, and the manufacture of hair ornaments other than those decorated or ornamented with precious metals or with natural or imitation stones or pearls.

(d) Wages at a rate of not less than 63 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the button and buckle and plastic costume jewelry classification of that industry, which is defined as the manufacture from any material of buttons and buckles; and the manufacture or assembly of all types of costume jewelry and jewelry findings made wholly or in major part from plastic materials, and including the pearlizing of buttons, beads, and costume jewelry and the stringing of pearlized beads.

(e) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico, who is engaged in commerce or in the production of goods for commerce and who is engaged in the industrial jewel and precious jewelry classification of that industry, which is defined as the sawing, cutting, grinding, polishing, and other processing of natural or synthetic jewels for industrial use, including, but without limitation, jewel bearings, industrial diamonds, and the processing of precious and synthetic stones as components of phonograph needles and the attachment of such jewels to metal phonograph needle components, but not including the production of such metal

components; and the manufacture of jewelry and other personal ornaments from precious metals with or without precious stones.

(f) Wages at a rate of not less than $1.00 an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the gem stone classification of that industry, which is defined as the sawing, cutting, grinding, polishing, and other processing of gem diamonds, other precious and semi-precious stones, and synthetic stones used for decorative purposes.

(g) Wages at a rate of not less than 87 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the button, jewelry, and lapidary work industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce and who is engaged in the metal expansion watch band classification of that industry, which is defined as the fabrication or partial fabrication of metal expansion bands or expansion bracelets for watches or other uses.

(Sec. 6, 38 Stat. 722; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Allied Merchandising, Inc., et al., University City, Mo., Docket 7399, April 18, 1960]

In the Matter of Allied Merchandising, Inc., a Corporation, and Peter A. Krane, William Dardick, and Vern F. Hawkins, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging cigarette vending machine distributors in University City, Mo., with making in advertising deceptive employment offers, exaggerated earnings claims, false assurances of assistance and other misleading representations.

After trial of the issues, the hearing examiner made his initial decision, including findings, conclusions and order to cease and desist, which, with slight modification, became on April 18 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Allied Merchandising, Inc., a corporation, and its officers, Peter A. Krane, individually and as an officer of said corporation, and William Dardick and Vern F. Hawkins, individually, and respondents' agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of machines and other devices used for the purpose of vending merchandise, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or by implication:

1. That any offer is an offer of employment when, in fact, the real purpose is to obtain purchasers of their machines, or other devices.

2. That an established route of operating machines or other devices is offered for sale.

3. That the only investment required of a purchaser is that needed to purchase an inventory.

4. That the earnings or profits derived from the operation of their machines or other devices are any amounts in excess of those which have been, in fact, customarily earned by operators of their machines or other devices.

5. That surveys have been or will be made by respondents to determine locations which would prove profitable for the installation of such machines or other devices.

6. That profitable locations will be secured for a purchaser's machines or other devices.

7. That, should a location of a purchaser's machines or other devices prove to be unprofitable, said machines or other devices will be relocated by respondents.

8. That no selling or soliciting is required of the purchaser in the operation of such machines or other devices.

9. That respondents will resell or repurchase the machines or other devices sold by them in the event the purchaser becomes dissatisfied with the profit derived therefrom and requests them to do so; or will resell or repurchase said machines or other devices for any other reason, unless such is the fact.

10. That respondents make arrangements whereby the purchasers of their machines or other devices may buy merchandise at wholesale prices.

It is further ordered, That the complaint be and it is hereby dismissed as to William Dardick and Vern F. Hawkins in their capacity as officers of respondent Allied Merchandising, Inc.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: April 18, 1960.

By the Commission.

PART 13—PROHIBITED TRADE PRACTICES

Bercut-Richards Packing Co., Inc.

Subpart—Discriminating in price under Sec. 2, Clayton Act—Payment for services or facilities for processing or sale under 2(d): § 13.824 Advertising expenses.

(Sec. 6, 38 Stat. 722; 15 U.S.C. 46. Interpret or apply sec. 2, 49 Stat. 1527; 15 U.S.C. 13) [Cease and desist order, Bercut-Richards Packing Co., Inc., Sacramento, Calif., Docket 7651, April 27, 1960]

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a Sacramento, Calif., canner of fruits, vegetables and juices—with annual sales exceeding $12,000,000—with violating Sec. 2(d) of the Clayton Act by paying favored purchasers advertising allowances which were not made available on proportionally equal terms to all their competitors.

Accepting a consent agreement, the hearing examiner made his initial decision and order to cease and desist which became on April 27 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent Bercut-Richards Packing Company, Inc., a corporation, its officers, employees, agents and representatives, directly or through any corporate or other device, in or in connection with the sale of canned food products in commerce, as "commerce" is defined in the Clayton Act, as amended, do forthwith cease and desist from:

Making, or contracting to make, to, or for the benefit of, any customer any payment of anything of value as compensation or in consideration for any advertising or other service or facilities furnished by or through such customer, in connection with the handling, offering for resale, or resale, of products sold to him by respondent, unless such payment is affirmatively offered or otherwise made available to all competing customers on proportionally equal terms.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondent herein shall within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Chatham Research Laboratories, et al.

Subpart—Advertising falsely or misleadingly: § 13.135 *Nature of product or service.* Subpart—Neglecting, unfairly or deceptively, to make material disclosure: § 13.1870 *Nature.* Subpart—Using misleading name, § 13.2315 *Nature.*

(Sec. 6, 38 Stat. 722; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Chatham Research Laboratories, et al., San Francisco, Calif., Docket 7609, April 4, 1960]

In the Matter of Carroll F. Chatham, an Individual, Trading as Chatham Research Laboratories; Anglomex, Inc., a Corporation, and Dan E. Mayers, Individually and as an Officer of Said Corporation; Ipekdjian, Inc., a Corporation, and Adom Ipekdjian, and Georges Ipekdjian, Individually and as Officers of Said Corporation; Cultured Gem Stones, Inc., a Corporation, and Adom Ipekdjian, and Georges Ipekdjian, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a San Francisco manufacturer of synthetic stones having the appearance of emeralds, along with the New York City wholesaler-distributors thereof, with representing falsely in advertising that said "Chatham Emeralds" were cultured, natural stones and identical to natural stones, and to cease using the word "emerald" to describe such stones unless it was immediately preceded by "synthetic" or a similar word.

Accepting a consent agreement, the hearing examiner made his initial decision and order to cease and desist which became on April 4 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Carroll F. Chatham, an individual, trading as Chatham Research Laboratories, or under any other name; Anglomex, Inc., a corporation, and its officers, and Dan E. Mayers, individually and as an officer of said corporation; Ipekdjian, Inc., a corporation, and its officers, and Cultured Gem Stones, Inc., a corporation, and its officers, and Adom Ipekdjian and Georges Ipekdjian, individually and as officers of said corporations, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the manufacture for sale, offering for sale, sale and distribution of stones now known as Chatham Emeralds or Chatham Cultured Emeralds, or any other manufactured stone having essentially the same optical, physical and chemical properties, or any other manufactured stone having essentially the same optical, physical and chemical properties as a natural stone, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that such stones have been cultured, are natural stones, or are identical to natural stones;

2. Using the word "emerald" or the name of any other precious or semi-precious stone as descriptive of such stones unless such word or name is immediately preceded, with equal conspicuity, by the word "synthetic" or by some other word or phrase of such meaning as clearly to disclose the nature of such product and the fact that it is not a natural stone; provided, however, that this prohibition shall not be construed as requiring respondents or any of them to disclose the method or process, or any part thereof, used by respondent Chatham in the manufacture of his stones.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

PART 13—PROHIBITED TRADE PRACTICES

Edward J. Kasnicka and Master Designer

Subpart—Advertising falsely or misleadingly: § 13.60 *Earnings and profits;* § 13.115 *Jobs and employment service;* § 13.143 *Opportunities;* § 13.170 *Qualities or properties of product or service;* §13.170-35 *Educational, informative, training.*

(Sec. 6, 38 Stat. 722; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, Edward J. Kasnicka t/a Master Designer, Chicago, Ill., Docket 7682, April 27, 1960]

The complaint in this proceeding charged a Chicago seller of home study books on clothes designing and tailoring with misrepresenting that employment opportunities, increased earnings and other benefits would be afforded purchasers of his books, that he had authority to award the diplomas he sold for a consideration, and that they would assure holders of better-paying positions, etc.

Accepting an agreement for a consent order, the hearing examiner made his initial decision and order to cease and desist which became on April 27, the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent Edward J. Kasnicka, individually and doing business under the name of Master Designers, or under any other name, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of home study books designated as "Modern Garment Design and Grading Clothing for Men & Boys", "Modern Method of Women & Children's Garment Design" and "Modern Custom Tailoring

for Men", or any other books of whatever names containing substantially the same subject matter, do forthwith cease and desist from representing, directly or by implication, that:

1. Respondent has the authority to award diplomas.

2. Respondent's diplomas are recognized by employers, tailors or any other members of the public.

3. The possession of one of respondent's diplomas will be useful or helpful in finding employment or influence the public to patronize the holder's business establishment.

4. Respondent's diplomas will assure persons of better paid positions or jobs or increase their incomes or prestige.

5. Respondent's books are the equivalent to a classroom study course on the same subjects.

6. Persons, after studying respondent's books, will thereby be competent or able to perform the functions, acts, and duties of skilled craftsmen in drafting, grading, cutting or tailoring, or will be so recognized as such craftsmen by the trade.

7. Persons who study respondent's books will for this reason be employed by the garment industry or tailors as drafters, graders, cutters or tailors.

8. Persons who study respondent's books are assured of success or better pay in the garment industry or tailoring business.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondent Edward J. Kasnicka, an individual trading as Master Designer shall within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with the order to cease and desist.

Issued: April 27, 1960.

In the Matter of Lasky Enterprises, Inc., a Corporation, and M. B. Lasky, S. H. Jacobson, Ben Schapiro, and Harry Lasky, Individually and as Officers of Said Corporation

The complaint in this proceeding charged furniture and electrical appliance dealers in St. Louis, Mo., with representing falsely in advertising in newspapers, etc.—through use of such statements as "Telephone Lounger—Reg. 39.59; 34.88 $219.95—Refrigerator $158"—that the first figure, often following "Reg.", was the usual price for the merchandise concerned and that the difference between the two prices represented savings therefrom.

After the usual trial proceedings, the hearing examiner made his initial decision and order to cease and desist which became on April 27 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That the respondents, Lasky Enterprises Inc., a corporation, and its officers, and M. B. Lasky, S. H. Jacobson, Ben Schapiro and Harry Lasky, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of furniture and electrical appliances, or any other merchandise, do forthwith cease and desist from representing, directly or by implication:

1. That any amount is the regular and usual price of respondents' merchandise, when such amount is in excess of the amount at which such merchandise is usually and customarily sold by respondents in the trade area where the representation is made.

2. That any savings are afforded through the purchase of respondents' merchandise, unless the price at which such merchandise is offered constitutes a reduction from the price at which such merchandise has been regularly and customarily sold by respondents in the recent normal course of their business.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: April 27, 1960.

In the Matter of Fred B. Miller and Robert H. Miller, Individuals and Partners, Trading as Miller Laboratories and as Fred B. Miller

This proceeding was heard by a hearing examiner on the complaint of the Commission charging distributors in Hagerstown, Md., with representing falsely in advertisments in newspapers and magazines and otherwise that their "Miller Truss" would bring permanent relief from ruptures, was custom fitted, was more effective than competitive products, was guaranteed to control ruptures 100 percent, etc.

Following acceptance of a consent agreement, the hearing examiner made his initial decision and order to cease and desist which became on April 14 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Fred B. Miller and Robert H. Miller, individually or as partners trading as Miller Laboratories or Fred B. Miller, or under any other trade name or names, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of devices designated as Miller Truss, or any other product or device of substantially similar construction or design, whether sold under the same name or any other name or names, do forthwith cease and desist from:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication:

(a) That the use of respondents' devices gives lasting relief unless limited to the period of time in which the device is actually worn;

(b) That the use of respondents' devices gives permanent relief or ends suffering;

(c) That respondents' devices are custom fitted or in all cases are the correct truss;

(d) That respondents' devices will afford results that are different from those afforded by all other trusses;

(e) That respondents' devices are nature's way of closing or decreasing the

size of hernial openings, or are nature's way of holding hernias;

(f) That respondents' devices will heal, cure or decrease the size of hernial openings;

(g) That the use of respondents' devices will aid blood circulation or strengthen the muscle;

(h) That respondents' devices will retain or hold all ruptures or hernias, or control ruptures 100 percent;

(i) That respondents' devices are guaranteed, unless the nature and extent of the guarantee and the manner of performance thereunder are clearly and conspicuously disclosed in connection with the representation of the guarantee;

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said devices, which advertisement contains any of the representations prohibited in Paragraph 1 hereof.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Fred B. Miller and Robert H. Miller, individuals and partners, trading as Miller Laboratories and as Fred B. Miller, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

desist order, Wellesley Dress Shop, Inc., et al., Niagara Falls, N.Y., Docket 7664, April 27, 1960]

In the Matter of Wellesley Dress Shop, Inc., a Corporation, and Harold Kirtz and Donald King, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging a furrier in Niagara Falls, N.Y., with violating the Fur Products Labeling Act by multilating labels on fur products prior to ultimate delivery; by setting forth on labels the name of an animal other than that producing certain fur, and failing to set forth such terms as "Dyed Broadtail-processed Lamb"; by advertising comparative prices as "were" prices without designating the time when they were in effect and failing to keep adequate records as a basis therefor; and by failing in other respects to comply with labeling and invoicing requirements.

Following acceptance of a consent agreement, the hearing examiner made his initial decision and order to cease and desist which became on April 27 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Wellesley Dress Shop, Inc., a corporation, and its officers and Harold Kirtz and Donald King, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction into commerce, or the sale, advertising, or offering for sale in commerce, or the transportation or distribution in commerce of fur products, or in connection with the sale, advertising, offering for sale, transportation, or distribution of fur products which are made in whole or in part of fur which has been shipped and received in commerce, as "commerce", "fur" and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Misbranding fur products by:

1. Failing to affix labels to fur products showing in words and figures plainly legible all of the information required to be disclosed by each of the subsections of section 4(2) of the Fur Products Labeling Act.

2. Setting forth on labels affixed to fur products the name or names of any animal or animals other than the name or names provided for in section 4(2)(A) of the Fur Products Labeling Act.

3. Setting forth on labels affixed to fur products:

(a) Information required under section 4 of the Fur Products Labeling Act and the rules and regulations promulgated thereunder in abbreviated form.

(b) Information required under section 4(2) of the Fur Products Labeling Act and the Rules and Regulations promulgated thereunder mingled with nonrequired information.

(c) Information required under section 4(2) of the Fur Products Labeling Act and the rules and regulations promulgated thereunder in handwriting.

4. Failing to set forth the term "Dyed Broadtail-processed Lamb" in the manner required by Rule 10 of said rules and regulations.

5. Affixing to fur products labels that do not comply with the minimum size requirements of one and three-quarter inches by two and three-quarter inches.

6. Failing to set forth on labels the item number or mark assigned to a fur product.

B. Mutilating, or causing or participating in the mutilation of, prior to the time any fur product is sold and delivered to the ultimate consumer, any label required by the Fur Products Labeling Act to be affixed to such fur product.

C. Falsely or deceptively invoicing fur products by:

1. Failing to furnish to purchasers of fur products an invoice showing all the information required to be disclosed by each of the subsections of section 5(b)(1) of the Fur Products Labeling Act.

2. Setting forth on invoices pertaining to fur products information required under section 5(b)(1) of the Fur Products Labeling Act, and the rules and regulations promulgated thereunder in abbreviated form.

D. Falsely or deceptively advertising fur products through the use of any advertisement, representation, public announcement, or notice which is intended to aid, promote, or assist, directly or indirectly, in the sale or offering for sale of fur products, and which:

1. Sets forth "were" prices or former prices without designating the time of such "were" prices or former prices.

2. Misrepresents in any manner the savings available to purchasers of respondents' fur products.

E. Making claims or representations in advertisements respecting prices or values of fur products unless there are maintained by respondents full and adequate records disclosing the facts upon which such claims and representations are based.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: April 27, 1960.

By the Commission.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T.D. 55149]

PART 16—LIQUIDATION OF DUTIES

Conversion of Currency

The Philippine Islands, designated in T.D. 54328, effective commencing April 1, 1957, as a country whose currency shall be subject to conversion for customs purposes in accordance with applicable law and regulations at the rate first certified by the Federal Reserve Bank of New York for a day within each calendar quarter, is hereby removed from the list of such countries, pursuant to section 522(c)(1)(B) of the Tariff Act of 1930, as amended (31 U.S.C. 372(c)(1)(B)).

The list of quarterly-rate countries set forth at the end of paragraph (d) of § 16.4 of the Customs Regulations (19 CFR 16.4(d)) therefore is amended by deleting Philippine Islands, effective on the date of publication of this Treasury decision in the FEDERAL REGISTER.

Publication of notice and public procedure under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) is found to be impracticable because it is imperative in the proper administration of the above-mentioned provision of the Tariff Act of 1930, as amended, that this Treasury decision be put into effect without delay. This urgency is also found to be good cause for not deferring the effective date pursuant to section 4(c) of the Administrative Procedure Act.

(R.S. 251, secs. 522, 624, 46 Stat. 379, as amended, 759; 19 U.S.C. 66, 1624, 31 U.S.C. 372)

The Federal Reserve Bank of New York suspended certification of rates for the Philippine Islands peso effective April 25, 1960. The Bank has decided not to resume certification on a daily basis. The Bank, should circumstances permit, intends to comply with such specific requests as become necessary for the Customs Information Exchange to make for certification of the appropriate rate or rates of exchange for the specific dates requested.

Instructions will be issued as soon as practicable with respect to the rate or rates applicable for customs purposes as to exportations occurring on dates on and after April 25, 1960, and prior to the effective date of this Treasury decision.

[SEAL] J. B. STRUBINGER,
Acting Commissioner of Customs.

Approved: June 6, 1960.

Title 41—PUBLIC CONTRACTS

Chapter I—Federal Procurement Regulations

MISCELLANEOUS AMENDMENTS TO CHAPTER

Chapter 1 of Title 41 is amended as set forth below:

PART 1–1—GENERAL

1. A new Subpart 1–1.10 is added, as follows:

Subpart 1–1.10—Publicizing Procurement Actions

AUTHORITY: §§ 1–1.1001 to 1–1.1004–1 issued under sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c).

Subpart 1–1.10—Publicizing Procurement Actions

§ 1–1.1001 General policy.

Proposed procurements which offer competitive opportunities for prospective prime contractors or subcontractors shall be publicized as prescribed in this Subpart 1–1.10, to increase competition, thus assisting small business and labor surplus area concerns and broadening industry participation in Government procurement programs.

§ 1–1.1002 Availability of invitations for bids and requests for proposals.

A reasonable number of copies of each invitation for bids and requests for proposals publicized in the Department of Commerce Synopsis, including specifications and other pertinent information, shall be maintained by the issuing office. To the extent such unclassified invitations for bids and requests for proposals are available, they shall be provided to manufacturers, construction contractors, and regular dealers and to others having a legitimate interest therein, such as publishers, trade associations, procurement information services and others who disseminate information concerning invitiations for bids and requests for proposals; otherwise the procuring activity may limit the availability of invitations for bids and requests for proposals to perusal at the issuing office.

§ 1–1.1003 Synopses of proposed procurements.

§ 1–1.1003–1 Department of Commerce Synopsis.

(a) The publication "Synopsis of U.S. Government Proposed Procurement, Sales, and Contract Awards" is published daily, except Saturdays, Sundays, and holidays, by the U.S. Department of Commerce, Chicago, Illinois. The primary purpose of the Synopsis is to provide industry with information concerning current Government contracting and subcontracting opportunities, including information as to the identity and location of Government contracting offices and prime contractors having current or potential need for certain types of products or services. This publication is available on an annual subscription basis, and subscriptions can be entered at the publishing office or at any Department of Commerce office. Complimentary subscriptions are available to participating Government activities upon request.

(b) Each executive agency shall participate, to the maximum practicable extent, in providing current information concerning proposed procurements to the Department of Commerce for publication in the Synopsis. Procurement agencies shall develop procedures for assuring that proposed procurements are publicized in the Synopsis as required by this section 1–1.1003.

§ 1–1.1003–2 General requirements.

(a) Every proposed advertised or negotiated procurement made in the United States, except Hawaii and Alaska, which may result in an award or awards in excess of $10,000 shall be publicized promptly in the Department of Commerce "Synopsis of U.S. Government Proposed Procurement, Sales and Contract Awards," except that the following need not be publicized in the Synopsis.

(1) Procurements where there is an absence of potential competition or where it has been predetermined that the procurement will be awarded to a specific concern (e.g., procurements of utility services and procurements for which specific background knowledge or unusual scientific and technical equipment is a prerequisite to performance).

(2) Procurements where circumstances necessitate establishing less than 15 calendar days for submission of bids, proposals, or quotations.

(3) Procurements of a classified nature.

(4) Procurements of perishable subsistence.

(5) Procurements where only foreign sources are to be solicited.

(b) The dollar amount specified in section 1–1.1003–2(a) shall not be construed as a prohibition against publicizing procurements below that amount in any case where the procuring activity determines that such publication would be advantageous to industry or to the Government.

(c) The requirements in section 1–1.1003–2(a) shall not be construed to mean publicizing delivery orders issued under existing contracts (such as Federal Supply Schedules) or orders from mandatory sources of supply (such as National Industries for the Blind).

§ 1–1.1003–3 Research and development.

In order that potential sources may learn of research and development programs, advance notices of the Government's interest in a specific research and development field shall be published in the Department of Commerce Synopsis in accordance with section 1–1.1003–7(b)(9) so as to give such sources adequate opportunity to submit information for evaluation of their research and development capabilities, except where security considerations prohibit such publication.

§ 1–1.1003–4 Synopses of subcontract opportunities.

Prime contractors and subcontractors should be encouraged to use the Department of Commerce Synopsis to publicize opportunities in the field of subcontracting stemming from Government business. Prime contractors and their subcontractors should be advised to mail subcontract information directly to the Department of Commerce.

§ 1–1.1003–5 Pre-invitation notices.

Where pre-invitation notices (see section 1–2.205–4) are used, the pre-invitation information shall be included in the Synopsis. The information need not be re-published in the Synopsis when the invitation for bids concerned is subsequently issued.

§ 1–1.1003–6 Time of publicizing.

To allow concerns which are not on current bidders lists ample time to prepare bids, proposals or quotations, procuring activities should, when feasible, publicize proposed procurements before issuance of invitations for bids and requests for proposals. Prompt reporting is particularly important where a short time for submitting bids or proposals is involved.

§ 1–1.1003–7 Preparation and transmittal.

(a) Procuring activities shall transmit a synopsis of proposed procurements as follows:

(1) When use of teletypewriter service is feasible, information shall be transmitted via teletypewriter at the end of each day to the following address: Synopsis, Commerce Department, Field Services, Chicago, Illinois.

(2) When use of teletypewriter service is not feasible, information shall be sent by airmail or ordinary mail, whichever is considered most expeditious, addressed as follows: Administrative Service Office, U.S. Department of Commerce, 433 West Van Buren Street, Chicago 7, Illinois.

(b) Each Synopsis message shall be prepared as described below:

(1) *Spacing.* Lines of the text shall be double spaced, not exceeding 69 typewritten spaces in length.

(2) *Numbering.* The first line of the message text should include a message number for ready identification and reference purposes. Messages normally will be numbered consecutively by the reporting activity, beginning a new series each calendar year.

(3) *Contracting office address.* Beginning with the second line of the text, state the name and location of the contracting office. Abbreviations should not be used except for the name of the State. The address may include an attention phrase directed to an official by name or title.

(4) *Description of supplies or services being procured.* Item descriptions

will begin in narrative paragraph form, double spaced, with each line commencing at the left-hand margin. The description should be concise, but sufficiently detailed to permit understanding by interested parties. Commonly used names of the procurement items, basic materials from which fabricated, general sizes or dimensions, citations of specification or drawing numbers, Federal stock numbers, quantities, units of measure, invitation for bid or request for proposal numbers, opening dates, place of delivery, and other pertinent data shall be included. Only standard, commonly understood, abbreviations may be used. For purposes of clarity, two hyphens should be used instead of commas to separate quantities, purchase reference numbers, opening dates, etc.

(5) *Several items on one invitation for bids or request for proposals.* Where several items having the same procurement reference number and the same time for receipt of bids or proposals are reported, the description should be preceded by a blanket statement such as "The following described items are to be procured under Invitation for Bids (or Request for Proposals) No. ____, Opening Date ----------."

(6) *Qualified products.* If the procurement item is covered by one or more specifications requiring qualification testing and approval, and such requirement has not been waived, the notation "QPL" shall be inserted immediately following the specification number.

(7) *Term contracts or indefinite quantities.* If the quantity is indefinite, the description should so state and, where applicable, include information as to the duration of the contract period.

(8) *Procurements involving set-asides.* If the proposed procurement involves a small business set-aside, or labor surplus area set-aside, the Synopsis message should—

(i) Where there is a 100 percent small business set-aside, state that "The proposed procurement(s) listed herein is (are) totally set aside for small business." Separate messages should be sent covering those proposed procurements which involve 100 percent small business set-asides to facilitate publication in the Notice to Small Firms Section of the Synopsis.

(ii) Where there is a partial small business or labor surplus area set-aside, state that "An additional quantity of ----------
(Insert number of units and description)
is being reserved for ----------
---------- under
(Insert "small business" or "labor surplus area" as appropriate)
a partial set-aside determination."

(9) *Research and development item.* Notices which invite the submission of information as to research and development capabilities in specific fields of interest shall be headed "RESEARCH AND DEVELOPMENT SOURCES SOUGHT." This shall be followed by a statement similar to the following: "Firms having research and development capabilities in the field of ---------- and
(be specific)
whose facilities and personnel include ----------
(Describe in substantial detail minimum facilities and personnel required)
are invited to submit complete information to the procuring office listed above. Information furnished should include the total number of employees and professional qualifications of scientists, engineers, and technical personnel; a description of general and special facilities; an outline of previous projects; a statement regarding industrial security clearance, if previously granted; and other available descriptive literature. This is not a request for a proposal."

§ 1–1.1004 Synopses of contract awards.

Awards of all unclassified contracts to be performed in whole or in part within the United States, exceeding $25,000 in amount, shall be published in the Department of Commerce "Synopsis of U.S. Government Proposed Procurement, Sales, and Contract Awards." This dollar amount shall not be construed as a prohibition against publicizing smaller awards where the procuring activity determines that such publication would be advantageous to industry or to the Government.

§ 1–1.1004–1 Preparation and transmittal.

(a) Procuring activities shall prepare information concerning contract awards in the same format, and forward single copies thereof to the same mailing address, as prescribed in section 1–1.1003–7(a) for synopses of proposed procurements. The information shall be sent by airmail or ordinary mail, whichever is considered most expeditious, before the close of business at the end of each week.

(b) The synopsis of contract awards shall contain the following information:

(1) Name and address of the procuring office.

(2) A clear and concise description of the property or services being procured, such description to be followed by the contract number and, in parentheses, by the applicable number of the invitation for bids or request for proposals.

(3) Quantity and dollar amount of each item.

(4) Name and full address of the contractor.

(5) When requested by the prime contractor, a statement of the industries, crafts, processes, or component items in or for which subcontracts are available and subcontractors are desired, together with the general area, if any, indicated by the prime contractor, such as Southeast States, West Coast, New England.

PART 1–2—PROCUREMENT BY FORMAL ADVERTISING

Subpart 1–2.2—Solicitation of Bids

2. Section 1–2.203–4 is revised as follows:

§ 1–2.203–4 Synopses of invitations for bids.

Synopses of invitations for bids shall be prepared and publicized in the Department of Commerce "Synopsis of U.S. Government Proposed Procurement, Sales, and Contract Awards," in accordance with section 1–1.1003.

3. The Table of Contents is amended to add section 1–2.409 to read as follows:

Sec.
1–2.409 Synopses of contract awards.

4. Section 1–2.409 is added to read as follows:

§ 1–2.409 Synopses of contract awards.

See section 1–1.1014.

PART 1–3—PROCUREMENT BY NEGOTIATION

Subpart 1–3.1—Use of Negotiation

5. Section 1–3.103(a) is revised as follows:

§ 1–3.103 Dissemination of procurement information.

(a) Synopses of proposed procurements and contract awards shall be prepared and publicized in the Department of Commerce "Synopsis of U.S. Government Proposed Procurement, Sales, and Contract Awards," in accordance with the requirements of sections 1–1.1003 and 1–1.1004.

Effective date: These regulations are effective September 1, 1960, but may be observed earlier.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 59–KC–36]

PART 601—DESIGNATION OF THE CONTINENTAL CONTROL AREA, CONTROL AREAS, CONTROL ZONES, REPORTING POINTS, AND POSITIVE CONTROL ROUTE SEGMENTS

Modification of Control Zone

On October 21, 1959, a notice of proposed rule making was published in the FEDERAL REGISTER (24 F.R. 8506) stating that the Federal Aviation Agency proposed to modify the Indianapolis, Ind., control zone.

As stated in the notice, the Indianapolis, control zone presently includes the airspace within a 5-mile radius of the Weir Cook County Airport, with extensions to the west, based on the Indianapolis radio range; southwest, based on the ILS localizer course; and northwest, based on the Indianapolis VORTAC. The control zone extension to the west, designated to provide protection for aircraft executing low fre-

quency radio range standard instrument approaches, presently extends to the Clayton fan marker, 9.8 nautical miles from the radio range station. The prescribed low frequency range standard instrument approach at Weir Cook County Airport, permits descent below 1,000 feet above the terrain to be made on the west course within 10 nautical miles of the radio range. The Federal Aviation Agency is extending this portion of the west control zone extension to a point 12 statute miles (approximately 10 nautical miles) west of the radio range to assure adequate protection for aircraft executing low frequency radio range instrument approaches. The Indianapolis control zone extension to the southwest, provided for protection for aircraft executing ILS and ADF instrument approaches, and the extension to the northwest, provided for protection for aircraft executing VOR instrument approaches, presently extend ten miles southwest of the outer marker and ten miles northwest of the VORTAC, respectively. Prescribed ILS, ADF, and VOR instrument approach procedures, at Weir Cook County Airport, require that the portion of the approach southwest of the ILS outer marker and northwest of the VORTAC be made at altitudes above 1,000 feet above the ground. Since the procedure turns associated with these instrument approach procedures are made within the control areas associated with airways, the control zone extension to the southwest, based on the Indianapolis ILS localizer course, and the portion of the control zone extension to the northwest of the Indianapolis VORTAC are not required for the protection of aircraft executing these standard instrument approaches. Therefore, it was proposed to revoke the control zone extension to the southwest and the portion of the northwest extension to the northwest of the VORTAC.

On March 24, 1960, a supplemental notice of proposed rule making was published in the FEDERAL REGISTER (25 F.R. 2497) extending the time for comment to April 15, 1960, and stated: "It has been determined that there is a continued requirement for the control zone extension to the southwest based on the Indianapolis Weir Cook Municipal Airport ILS localizer southwest course because of terrain features. Accordingly, the portion of the proposal concerned with the revocation of the southwest control zone extension based on the localizer southwest course is hereby withdrawn. In lieu thereof, it is proposed to extend the existing southwest control zone extension to a point 12 miles southwest of the ILS outer marker. This would provide protection for aircraft executing the procedure turn portion of the ADF instrument approach procedure. The prescribed ADF instrument approach authorizes procedure turn within 10 nautical miles (approximately 12 statute miles) of the outer marker. If this action is taken, the Indianapolis, Ind., control zone would be designated within a 5-mile radius of the geographical center of Indianapolis Weir Cook Municipal Airport (latitude 39°43'42" N., longitude 86°17'04" W.); within 2 miles either side of the Indianapolis Weir Cook ILS localizer southwest course extending from the 5-mile radius zone to a point 12 miles southwest of the outer marker; within 2 miles either side of the west course of the Indianapolis radio range, extending from the 5-mile radius zone to a point 12 miles west of the radio range; and within 2 miles either side of the 143° True radial of the Indianapolis VORTAC extending from the 5-mile radius zone to the VORTAC."

In response to the notice, the Aircraft Owners and Pilots Association concurred with the modification of the northwest extension and the revocation of the southwest extension. However, with respect to the west extension, the following comment was submitted:

We do not concur in the increased length of the western extension for low frequency radio range instrument approaches.

It is believed that instrument approaches permitting flight below 1,000 feet for such distances are unnecessary and are hazardous to aircraft which operate at such low altitudes. This view would appear to be supported by the finding that no need exists to continue the other control zone extensions presently designated.

The Aircraft Owners and Pilots Association (AOPA) accordingly, must object to that portion of the proposal relating to increase in length of the western control zone extension.

The Aircraft Owners and Pilots Association submitted the following comments, quoted in part, in response to the supplemental notice:

The modified proposal should have stated that the current ADF approach on the ILS outer marker was to be protected to the ground. The entire approach is within controlled airspace since it is at all times more than 700 feet above the ground until reaching the 5-mile radius control zone.

If for some reason of policy or otherwise, it is considered that instrument flight below 1,000 feet should be protected to the ground, then it is strongly recommended that the ADF approach be modified to follow the flight levels specified for the ILS approach. Safety in flight will certainly be served by eliminating the need for aircraft to make unnecessary long flights close to the ground.

With respect to the proposed increased length of the western extension for instrument approaches using the low frequency radio range, the same situation obtains in that the entire approach to the radio range requires flight more than 700 feet above the ground. If as indicated, this is not adequate separation, then again it is recommended that the approach altitude beyond the range be raised to 1,800 feet.

The Aircraft Owners and Pilots Association must object to the modified proposal to redesignate the southwestern control zone extension. We continue our opposition to the western control zone extension.

The Federal Aviation Agency has reviewed the published instrument approaches for the Weir Cook Municipal Airport and has determined that the approach altitude over the ILS outer marker for the ADF instrument approach can be raised to coincide with the ILS approach altitude which is 1,000 feet above the terrain. Accordingly, the Federal Aviation Agency concurs in the AOPA's recommendation to revoke the southwest control zone extension based on the ILS outer marker. This concurrence is based on the Administrator's stated policy that flights conducted under instrument flight rules, where they are required to maneuver below 1,000 feet above the terrain, will be protected by control zones or control zone extension. However, in regard to the west extension, this is considered necessary because in accordance with the prescribed radio range instrument approach procedure, the procedure turn is completed at 2,000 feet MSL within 10 nautical miles of the radio range and then descent is made to cross the facility at 1,500 feet MSL which is 703 feet above the surface of the airport. In this instance, the facility is only 2.9 nautical miles from the airport, and by raising the altitude to 1,800 feet MSL, as recommended by AOPA, would require an excessive rate of descent from the facility to the airport thereby compromising safety. Therefore, the Federal Aviation Agency is modifying the Indianapolis control zone by designating it within a 5-mile radius of the geographical center of the Indianapolis Weir Cook Airport (latitude 39°43'42" N., longitude 86°17'04" W.); within 2 miles either side of the west course of the Indianapolis radio range, extending from the 5-mile radius zone to a point 12 miles west of the radio range; and within 2 miles either side of the 143° True radial of the Indianapolis VORTAC extending from the 5-mile radius zone to the VORTAC.

No other adverse comments were received. The Department of the Air Force and the Air Transport Association concurred in the notice and supplemental notice. Mr. G. Edwin Petro, Director of Aviation, American Association of Airport Executives, concurred in the Notice and advised that the name Weir Cook County Airport has been changed to the Indianapolis Weir Cook Municipal Airport. This name change is reflected herein.

Interested persons have been afforded an opportunity to participate in the making of the rule herein adopted, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (24 F.R. 4530), § 601.2105 (24 F.R. 10576) is amended to read:

§ 601.2105 Indianapolis, Ind., control zone.

Within a 5-mile radius of the geographical center of the Weir Cook Municipal Airport (latitude 39°43'42" N., longitude 86°17'04" W.); within 2 miles either side of the W course of the Indianapolis RR extending from the 5-mile radius zone to a point 12 miles W of the RR; and within 2 miles either side of the 143° True radial of the Indianapolis VORTAC extending from the 5-mile radius zone to the VORTAC.

This amendment shall become effective 0001 e.s.t. July 28, 1960.

(Secs. 307(a), 313(a), 72 Stat. 749, 752; 49 U.S.C. 1348, 1354)

Issued in Washington, D.C., on June 6, 1960.

CHARLES W. CARMODY,
Acting Director, Bureau of Air Traffic Management.

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Reg. Docket No. 392; Amdt. 168]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or canceled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedure hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The automatic direction finding procedures prescribed in § 609.100(b) are amended to read in part:

ADF STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or canceled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedure hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR, Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

RADAR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If a radar instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach, or for more than 30 seconds during a surveillance approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

Title 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

SUBCHAPTER N—EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

[CGFR 60–33]

PART 146—TRANSPORTATION OR STORAGE OF EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

Miscellaneous Amendments Respecting Dangerous Cargoes

Pursuant to the notice of proposed rule making published in the FEDERAL REGISTER on February 18, 1960 (25 F.R. 1440–1448), and Merchant Marine Council Public Hearing Agenda dated April 4, 1960 (CG–249), the Merchant Marine Council held a Public Hearing on April 4, 1960, for the purpose of receiving comments, views, and data. The proposals considered were identified as Items I through XII, inclusive, and Item XI contained proposed requirements regarding dangerous cargoes.

This document is the fourth of a series covering the regulations and actions considered at the April 4, 1960 Public Hearing and annual session of the Merchant Marine Council. The first document, CGFR 60–30, contains the requirements based on Item I regarding radar observers required on radar equipped vessels. The second document, CGFR 60–31, contains the requirements based on Item XII regarding commitment of employment and stability standards for passenger vessels of unusual designs. The third document, CGFR 60–32, contains the requirements based on Item X regarding storage of bulk ore cargoes. These documents were published in the FEDERAL REGISTERS dated May 6 and 12, 1960.

This document contains the final actions taken with respect to the proposed changes in Item XI regarding the transportation or stowage of dangerous cargoes. On the basis of information received changes were made in 46 CFR 146.22–1 and 146.22–100.

The provisions of R.S. 4472, as amended (46 U.S.C. 170), require that the land and water regulations governing the transportation of dangerous cargo articles or substances shall be as nearly parallel as practical. The provisions in 46 CFR 146.02–18 and 146.02–19 make the Dangerous Cargo Regulations applicable to all shipments of dangerous cargoes by vessels. The Interstate Commerce Commission in Orders Nos. 41, 41A, and 42 has made changes in the ICC regulations with respect to the definitions, descriptive names, classifications, specifications of containers, packing, marking, labeling, and certification, which are now in effect for land transportation. Various amendments to the Dangerous Cargo Regulations in 46 CFR Part 146 have been included in this document in order that these regulations governing water transportation of certain dangerous cargoes will be as nearly parallel as practicable with the regulations of the Interstate Commerce Commission which govern the land transportation of the same commodities. For those changes in 46 CFR Part 146, which involved changes other than shippers' requirements, the proposed amendments were considered at the Merchant Marine Council Public Hearing held on April 4, 1960.

The amendments to 46 CFR Part 146, which were not described in the FEDERAL REGISTER of February 18, 1960 (25 F.R. 1447, 1448), are considered to be interpretations of law, or revised requirements to agree with existing ICC regulations, or relaxations of previous requirements, or editorial in nature, and it is hereby found that compliance with the Administrative Procedure Act (respecting notice of proposed rule making, public rule making procedure thereon, and effective date requirements thereof) is unnecessary with respect to such changes.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Orders 120, dated July 31, 1950 (15 F.R. 6521), 167–14, dated November 26, 1954 (19 F.R. 8026), and CGFR 56–28, dated July 24, 1956 (21 F.R. 5659), to promulgate regulations in accordance with the statutes cited with the regulations below, the following amendments are prescribed and shall become effective on July 1, 1960:

Subpart—Shippers' Requirements Re: Packing, Marking, Labeling, and Shipping Papers

Section 146.05–5 is amended by adding a new paragraph (h) to read as follows:

§ 146.05–5 I.C.C. specification containers.

* * * * *

(h) Where the regulations limit the gross weight of I.C.C. specification portable tanks to 8,000 pounds, these portable tanks of gross weight not over 20,000 pounds may be used provided the lifting gear used to load and discharge the tank is of sufficient capacity to safely handle the weight. In addition to other markings required, the portable tanks shall be marked with the gross weight and the legend "Use heavy lift."

Subpart—Detailed Regulations Governing Explosives

1. Section 146.20–3 is amended by changing paragraph (q) to read as follows:

§ 146.20–3 Prohibited or not permitted explosives.

* * * * *

(q) New explosives except samples for laboratory examination and military ex-

plosives approved by the Chief of Ordnance, Department of the Army; Chief, Bureau of Naval Weapons, Department of the Navy; or Commander, Air Material Command, Department of the Air Force. All other new explosives must be approved for transportation by the Interstate Commerce Commission.

2. Section 146.20–9 is amended by adding a new paragraph (f) as follows:

§ 146.20–9 Class B explosives.

* * * * *

(f) Explosive power devices, class B, are devices designed to operate ejecting apparatus or other mechanisms by means of a propellant explosive, class B, and differ from explosive power devices, class C, in that they contain larger or more powerful propellants. The devices must not rupture on functioning and must be of a type approved by the Interstate Commerce Commission. Explosive power devices, class B, must not be shipped with igniters assembled therein unless shipped by, for, or to the Departments of the Army, Navy, and Air Force of the United States Government.

3. Section 146.20–11 is amended by revising paragraph (a), but not the subparagraphs (1) to (3), inclusive, and paragraph (aa) to read as follows:

§ 146.20–11 Class C explosives.

* * * * *

(a) Small-arms ammunition is fixed ammunition consisting of a metallic, plastic composition, or paper cartridge case, a primer, and a propelling charge, with or without bullet, shot, tear gas material, tracer components, or incendiary compositions or mixtures, but not including bullets loaded with high explosives, and is further limited to the following:

* * * * *

(aa) Explosive power devices, class C, are devices designed to drive generators or mechanical apparatus by means of propellant explosives, class B. The devices consist of a housing with a contained propellant charge and an electric igniter or squib and shall contain not more than 400 grams of explosive composition. The devices must be of a design approved by the Interstate Commerce Commission.

4. Section 146.20–23 is amended by changing paragraph (g) to read as follows:

§ 146.20–23 Stowage of explosives with other dangerous articles.

* * * * *

(g) Dynamite, commercial boosters and/or other non-priming non-initiating types of explosives which are compatible with dynamite may be stowed in a magazine located in the same hold or compartment with nitro carbo nitrate or in holds or compartments adjacent to nitro carbo nitrate provided the nitro carbo nitrate is packaged in strong metal cans, metal or fiber drums, barrels, kegs, or wooden or fiberboard boxes with noncombustible inside containers.

§ 146.20–100 [Amendment]

5. Section 146.20–100 *Table A—Classification: Class A; dangerous explosives* is amended by revising "Black powder, etc." as follows:

In column 4, change "Fiberboard boxes: (ICC–12H, 23F, 23H) etc." to read:

Fiberboard boxes: (ICC–12H, 23F, 23H) WIC, not over 50 lb. net wt.

§ 146.20–200 [Amendment]

6. Section 146.20–200 *Table B—Classification: Class B; less dangerous explosives* is amended by inserting after *"Ammunition for cannon with nonexplosive projectile, etc."* as follows:

a. In column 1, insert:

Explosive power devices, class B.

b. In column 2, insert:

Explosive power devices, class B, must not be shipped with igniters assembled therein unless shipped by, for, or to the Departments of the Army, Navy and Air Force of the United States Government or unless of a type approved by the Interstate Commerce Commission. Each outside container must be plainly marked "EXPLOSIVE POWER DEVICES, CLASS B" and "HANDLE CAREFULLY—KEEP FIRE AWAY."

c. In column 3, insert:

No label required.

d. In column 4, insert:

Stowage:
"On deck under cover."
"Tween decks readily accessible."
Outside containers:
Wooden boxes, or wooden boxes, fiberboard lined (ICC–14, 15A, 15E, 16A) not over 200 lb. gr. wt.
Authorized only for U.S. Government shipments: Strong wooden or metal boxes or containers.

e. In columns 5, 6, and 7, insert:

Not permitted.

§ 146.20–300 [Amendment]

7. Section 146.20–300 *Table C—Classification: Class C; relatively safe explosives* is amended by revising certain items as follows: Under "Explosive cable cutters," amend "Explosive power devices" as follows:

a. In column 1, change the item to read:

Explosive power devices, class C.

b. In column 2, amend paragraph 1 to read:

Explosive power devices, class C * * *.

c. In column 2, amend paragraph 5 to read:

Each outside container must be plainly marked "EXPLOSIVE CABLE CUTTERS," "EXPLOSIVE POWER DEVICES, CLASS C," or "EXPLOSIVE RELEASE DEVICES" and "HANDLE CAREFULLY—KEEP FIRE AWAY."

d. In columns 4, 5, 6, and 7 under "Outside containers," change "Strong wooden boxes, etc." to read:

Strong wooden or metal boxes, not over 150 lb. gr. wt.

Subpart—Detailed Regulations Governing Inflammable Liquids

1. Section 146.21–30 is amended by changing paragraph (j) to read as follows:

§ 146.21–30 Stowage of inflammable liquids with explosives and other dangerous articles.

* * * * *

(j) Inflammable liquids shall not be stowed in the same hold or compartment with cotton, nor in the hold above or below one containing cotton.

§ 146.21–100 [Amendment]

2. Section 146.21–100 *Table D—Classification: Inflammable liquids* is amended by revising certain items as follows:

a. Amend "Alcohol, N.O.S." as follows: In columns 4, 5, 6, and 7 under "Outside containers: Fiberboard boxes, etc." add:

(ICC–12B) WIC ICC–2U polyethylene, not over 65 lb. gr. wt.

b. Amend "Carbon bisulfide (disulfide)" as follows: In column 4, change "Fiberboard boxes, WIC (ICC–12B) etc." to read:

Fiberboard boxes (ICC–12A, 12B) WIC, not over 65 lb. gr. wt.

c. After "Methyl methacrylate monomer," insert the following:

In column 1, insert:

Monoethylamine (ethylamine).

In column 2, insert:

A colorless liquid having a strong ammoniacal odor.
Flashpoint below 0° F.
Can react vigorously with oxidizing materials.
Keep cool.
Keep away from heat and open flame.

In column 3, insert:

Red.

In column 4, insert:

Stowage:
"On deck protected".
"On deck under cover".
Outside containers:
Metal barrels or drums: (ICC–5, 5A) not over 55 gal. cap.
Cylinders as prescribed for any compressed gas except acetylene.
Tank cars complying with ICC Regulations.

In columns 5, 6, and 7, insert:

Not permitted.

Subpart—Detailed Regulations Governing Inflammable Solids and Oxidizing Materials

1. Section 146.22–1 is amended by changing the definition to read as follows:

§ 146.22–1 Definition of inflammable solids and oxidizing materials.

An inflammable solid is defined by the I.C.C. regulations as any solid material, other than one classified as an explosive, which, under conditions incident to transportation, is liable to cause fires through friction, absorption of moisture, spontaneous chemical changes, retained heat from manufacturing or processing, or which can be ignited readily and when ignited burns so vigorously and persistently as to create a serious transportation hazard. Examples: certain metallic hydrides, metallic sodium and potassium, and certain oily fabrics, processed meals, and nitrocellulose products. An oxidizing material is defined by the I.C.C. regulations as a substance such as a chlorate,

permanganate, peroxide, nitro carbo nitrate, or a nitrate that yields oxygen readily to stimulate the combustion of organic matter. Such definitions are binding upon all shippers making shipments of inflammable solids and oxidizing materials by common carrier vessels engaged in interstate or foreign commerce by water. These definitions are accepted and adopted and form part of the regulations in this subchapter applying to all shippers making shipment of inflammable solids and oxidizing materials by any vessel, and shall apply to the owners, charterers, agents, master, or other person in charge of a vessel and to other persons, transporting, carrying, conveying, storing, stowing or using inflammable solids or oxidizing materials on board any vessel subject to R.S. 4472, as amended (46 U.S.C. 170), and the regulations in this subchapter.

2. Section 146.22–10 is amended by changing paragraphs (e) and (g) to read as follows:

§ 146.22–10 Stowage of inflammable solids with explosives and other dangerous articles.

* * * * *

(e) Inflammable solids shall not be stowed in the same hold or compartment over cylinders of non-inflammable compressed gases.

* * * * *

(g) Inflammable solids shall not be stowed in the same hold or compartment with cotton, nor in the hold or compartment above or below one containing cotton.

3. Section 146.22–15 is amended by changing paragraphs (b), (h), and (j) to read as follows:

§ 146.22–15 Stowage of oxidizing materials with explosives and other dangerous articles.

* * * * *

(b) Nitro carbo nitrate may be stowed in the same hold or compartment with magazines containing dynamite, commercial boosters and/or other non-priming, non-initiating types of explosives compatible with dynamite provided the nitro carbo nitrate is packaged in strong metal cans, metal or fiber drums, barrels, kegs, or wooden or fiberboard boxes with non-combustible inside containers.

* * * * *

(h) Oxidizing materials shall not be stowed in the same hold or compartment over cylinders of non-inflammable compressed gases.

* * * * *

(j) Oxidizing materials shall not be stowed in the same hold or compartment with cotton, nor in the hold or compartment above or below one containing cotton.

4. Section 146.22–25 is amended by revising paragraph (b) and adding entries to paragraph (d) to read as follows:

§ 146.22–25 Exemptions for inflammable solids and oxidizing materials.

(b) Liquid or solid organic peroxides, except acetyl benzoyl peroxide, solid, and benzoyl peroxide, are, unless otherwise provided, exempt from specification packaging, marking other than name of contents, and labeling requirements, when packed in:

(1) Strong outside containers having not over 1 pint or 1 pound net weight of the material in any one outside package with inside containers securely packed and cushioned with incombustible cushioning material.

(2) Strong outside containers having not more than 24 inside fiberboard containers each containing not more than 70 chemically resistant closed plastic tubes having fluid capacity not over one-sixth ounce each and securely packed in incombustible cushioning material. No one inside fiberboard container shall have more than 1 pint of liquid.

* * * * *

(d) * * *

Chlorine dioxide hydrate, frozen.

* * * * *

Decaborane.

5. Section 146.22–30 is amended by revising paragraphs (a) and (e) to read as follows:

§ 146.22–30 Authorization to load or discharge ammonium nitrate and ammonium nitrate fertilizers.

(a) Ammonium nitrate, ammonium nitrate fertilizers and fertilizer mixtures packaged in paper bags or other combustible containers, except those types exempt by this section, in amounts exceeding the 1,000 pound test sample required by paragraph (e) of this section shall not be laden on or discharged from any vessel at any point or place in the United States, its territories or possessions not including the Panama Canal Zone, until a permit authorizing such loading or discharging has been obtained by the owner, agent, charterer, master or person in charge of the vessel from the Coast Guard District Commander or other officer designated by the Commandant of the United States Coast Guard for such purpose. The Coast Guard officer issuing the permit shall satisfy himself that no local regulations or rules will be violated by the issuance of such permit. This permit requirement shall not apply to ammonium nitrate, ammonium nitrate fertilizers and fertilizer mixtures loaded in railroad or highway vehicles offered for transportation on board vessels under the provisions of §§ 146.08–1 through 146.08–55.

* * * * *

(e) A person desiring to import or export ammonium nitrate materials and formulations not conforming to any of the classes listed in this section, or described in § 146.22–100, shall make application for a permit to the U.S. Coast Guard. A sample of 1,000 lbs. of the material in bags as prepared for shipment shall be furnished at least 60 days prior to intended date of shipment. Import shipments of this sample shall be made as required for 'Nitrates, N.O.S.' This sample shall be tested by a competent laboratory designated by the Coast Guard to determine whether the characteristics of the material require its classification as a dangerous article for purposes of transportation. After such tests, conditions of loading, discharging and transportation shall be prescribed by the Commandant of the Coast Guard. Costs of such tests shall be borne by the shipper.

6. A new § 146.22–40 is added to read as follows:

§ 146.22–40 Nitro carbo nitrate.

(a) Nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels or kegs, and wooden or fiberboard boxes with non-combustible inside containers, may be loaded or discharged at any designated waterfront facility.

(b) Nitro carbo nitrate packaged in burlap bags, multi-wall paper bags or other non-rigid combustible containers shall be loaded or discharged at facilities so remotely situated from populous and congested areas and/or high value or high hazard industrial facilities, that in the event of fire or explosion, loss of lives and property may be minimized.

(1) This facility shall conform with port security and local regulations and shall provide an abundance of water for fire fighting.

(2) This facility shall be so located as to permit unrestricted passage to open water. The vessel shall be moored bow to seaward, and shall be maintained in a mobile status either by presence of tugs or readiness of engines. The vessel shall provide at the bow and stern a wire towing hawser having an eye splice and lowered to the water's edge.

§ 146.22–100 [Amendment]

7. Section 146.22–100 *Table E—Classification: Inflammable solids and oxidizing materials* is amended by revising various items as follows:

a. Amend the following items as indicated:

1. Ammonium bichromate (ammonium dichromate).
2. Calcium, metallic.
3. Compounds, tree or weed killing, solid.
4. Drugs, chemicals, medicines or cosmetics, n.o.s.
5. Inflammable solids, n.o.s.
6. Lithium peroxide.
7. Magnesium, metallic, powdered.
8. Magnesium peroxide, solid.
9. Oxidizing material, n.o.s.
10. *Perchlorates, etc.*
11. *Permanganates, etc.*
12. Potassium bromate.
13. Potassium nitrite.
14. Potassium peroxide.
15. Sodium bromate.
16. Sodium methylate, dry.
17. Sodium nitrite.
18. Strontium peroxide.
19. Zinc peroxide.

In columns, 4, 5, 6 and 7, where applicable, change "Fiberboard boxes (ICC–12B) WIC, etc." to read:

Fiberboard boxes (ICC–12A, 12B) WIC, not over 65 lb. gr. wt.

b. Amend the following items as indicated:

Caprylyl peroxide solution,
Peroxides, organic, liquids, n.o.s., etc.

in column 4, under "Authorized only for material which will not react dangerously, etc.", add:

Fiberboard box (ICC–12B) WIC ICC–2U or polyethylene bottles, not over 5 gal. cap. each.

c. Amend "Chlorate and borate mixtures, etc." as follows:

In column 4, under "Mixtures containing more than 28% chlorate, etc." delete "Fiberboard boxes, WIC, etc." and insert:

Strong fiberboard boxes, WIC not over 4 lb. net wt. each, or ICC–2D bags not over 10 lb. net wt. each; gr. wt. of box not over 65 lb.

d. After "Chlorate and borate mixtures, etc." add the following:

In column 1, insert:

Chlorine dioxide hydrate, frozen.

In columns 4, 5, 6, and 7 insert:

Not permitted.

e. Amend "Chromic acid, etc." as follows:

In columns 4, 5, 6, and 7 under "Outside containers," add:

Fiberboard box (ICC–12A), WIC, not over 20 lb. net wt.

f. Amend "*Chlorates*, etc." as follows:

In column 4, change "Fiberboard boxes (ICC–12B), etc." to read:

Fiberboard boxes (ICC–12A, 12B), WIC, not over 25 lb. net wt.

g. After "Cumene hydroperoxide, etc" insert the following:

In column 1, insert:

Decaborane.

In column 2, insert:

Colorless needles.
When heated to decomposition, it may emit toxic fumes and may explode.
Keep cool.

In column 3, insert:

Yellow.

In column 4, insert:

Stowage:
"On deck protected."
"On deck under cover."
Outside containers:
Metal barrels or drums:
(ICC–6A, 6B, 6C) not over 55 gal. cap.
(ICC–17C, 17E, 17H, 37A, 37B) STC not over 55 gal. cap.
Fiberboard box:
(ICC–12B) WIC, not over 65 lb. gr. wt.

In columns 5, 6, and 7 insert:

Not permitted.

h. Amend the following items as indicated:

1. Lithium aluminum hydride.
2. Lithium hydride.
3. Potassium, metallic.
4. Sodium amide.
5. Sodium, metallic.
6. Sodium potassium alloys.

In column 4, under "Outside containers," insert after "Wooden boxes, etc.":

Fiberboard box (ICC–12B) WIMC, not over 90 lb. gr. wt.

i. Amend "Matches, book" as follows:

In columns 4, 5, 6, and 7 add a second paragraph to read as follows:

Book matches in a quantity not exceeding 25 books of 30 matches each, packaged as required by the Postal Regulations, are also exempt from the marking requirement.

j. Amend "*Nitrates*—Aluminum nitrate, etc." as follows:

(i) Delete "nitro carbo nitrate", "zinc nitrate" and "zirconium nitrate" and all wording pertaining thereto in columns 2 and 3.

(ii) In column 3, opposite aluminum nitrate, Barium nitrate, Guanidine nitrate, Lead nitrate, Magnesium nitrate and Nitrates, N.O.S., change "No label required" to read:

Yellow.

(iii) In column 4, delete the present wording and insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck."
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

NOTE 2: Aluminum nitrate, Barium nitrate, Calcium nitrate, Guanidine nitrate, Nitrate of soda and potash, Potassium nitrate, Sodium nitrate, and Strontium nitrate may in addition be packed as follows:

Bulk.

Bulk in sift-proof, closed R.R. freight cars or highway vehicles.

Burlap bags, not over 200 lb. net wt., moisture-proof, made tight against sifting and of not less than 7½ oz. burlap.

Multi-wall paper bags, not over 110 lb. net wt., at least 4 ply construction, moisture-proof and made tight against sifting.

In column 5, delete the present wording and insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck."
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

In column 6, delete the present wording and insert:

Ferry stowage (AA).
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

In column 7, delete the present wording and insert:

Ferry stowage (BB).
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

k. After "Strontium nitrate" insert the following:

In column 1, insert:

Nitro carbo nitrate.
For loading and discharging requirements see § 146.22–40.

In column 2, insert:

Composed principally of ammonium nitrate. Involved in a fire will greatly intensify the burning of many combustible materials and under conditions of exposure to high temperatures (above 400° F.) rapid decomposition and ignition may occur.
Will burn with explosive violence.
Soluble in water.
Do not stow in the same hold or compartment with combustible cargo, explosives (except that nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels, kegs, or wooden or fiberboard boxes with non-combustible inside containers may be stowed in a hold or compartment with a magazine containing dynamite, commercial boosters and/or other non-priming, non-initiating types of explosives which are compatible with dynamite) or acids and away from chlorates.

In column 3, insert:

Yellow.

In column 4, insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck."
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: Nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels or kegs or wooden or fiberboard boxes WIC is exempt from the labeling requirements.

Multi-wall paper bags, not over 100 lb. net wt., at least 4 ply construction, moisture-proof and made tight against sifting.

Burlap bags, not over 100 lb. net wt., moisture-proof, made tight against sifting, and of not less than 7½ oz. burlap.

NOTE 2: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

In column 5, insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck."

Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: Nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels or kegs or wooden or fiberboard boxes WIC is exempt from the labeling requirements.

NOTE 2: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

In column 6, insert:

Ferry stowage (AA).
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: Nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels or kegs or wooden or fiberboard boxes WIC is exempt from the labeling requirements.

Burlap bags, not over 100 lb. net wt., moisture-proof, made tight against sifting, and of not less than 7½ oz. burlap.

Multi-wall paper bags, not over 100 lb. net wt., at least 4 ply construction, moisture-proof and made tight against sifting.

NOTE 2: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

In column 7, insert:

Ferry stowage (BB).
Outside containers:
Strong metal cans.
Metal or fiber drums.
Barrels or kegs.
Wooden or fiberboard boxes, WIC.

NOTE 1: Nitro carbo nitrate packaged in strong metal cans, metal or fiber drums, barrels or kegs or wooden or fiberboard boxes WIC is exempt from the labeling requirements.

Burlap bags, not over 100 lb. net wt., moisture-proof, made tight against sifting, and of not less than 7½ oz. burlap.

Multi-wall paper bags, not over 100 lb. net wt., at least 4 ply construction, moisture-proof and made tight against sifting.

NOTE 2: It is not required that the above containers be ICC specification containers although ICC specification containers are acceptable, but the ship's officer in charge of loading shall satisfy himself that they are sufficient in all respects for the purpose intended. He shall refuse any containers showing damage, leakage or inability to properly contain the substance.

1. Amend "Phosphoric anhydride" as follows:

In column 4, under "Outside containers," add:

Fiberboard box (ICC–12A) WIC, not over 12 lb. net wt.

m. Amend the following items as indicated:

1. Potassium nitrite
2. Potassium peroxide.

In columns 4, 5, 6, and 7 under "Steel barrels or drums" change (ICC–17E, etc.) to read:

(ICC–17C, 17E, 17H, 37A, 37B) STC, not over 55 gal. cap.

n. Amend "Potassium sulfide (fused or concentrated, but not ground, etc.)" as follows:

In column 1, change paragraph 4 to read:

Sodium sulfide containing 35% or more combined water by weight, fused or concentrated but not ground (may be chipped, flaked or broken) when packed in steel barrels or drums that are equipped with moisture-tight closures, or in strong, tight fiber drums having a moisture barrier incorporated in the walls and equipped with moisture-tight closure is not subject to the regulations in this subchapter.

In columns 4, 5, 6, and 7 add the following:

Fiberboard box (ICC–12B) WIC plastic bag, not more than 25 lb. net wt.

Subpart—Detailed Regulations Governing Corrosive Liquids

1. Section 146.23–25 is amended by changing paragraph (i) to read as follows:

§ 146.23–25 Stowage of corrosive liquids with explosives or other dangerous articles.

* * * * *

(i) Corrosive liquids shall not be stowed in the hold or compartment over one in which cotton is stowed unless the deck is of steel and the hatch is fitted with a tight coaming and the deck itself is tight against leakage. Corrosive liquids shall not be stowed over the square of the hatch.

§ 146.23–100 [Amendment]

2. Section 146.23–100 *Table F—Classification; Corrosive liquids* is amended as follows:

a. Amend the following items as indicated:

1. Acids, liquid, n.o.s.
2. Alkaline battery fluid, etc.
3. Antimony pentachloride.
4. Boiler compound, liquid.
5. Caustic potash, liquid, etc.
6. Chromic acid solution.
7. Compounds, cleaning, liquid, etc.
8. Corrosive liquid, n.o.s.
9. Cupriethylene-diamine solution.
10. Drugs, chemicals, medicines, or cosmetics, n.o.s.
11. Formic acid, etc.
12. Hexamethylene diamine solution.
13. Hydriodic acid.
14. Sodium aluminate, liquid.
15. Water treatment compound, liquid.

(i) In columns 4, 5, 6, and 7 if permitted, after "Wooden boxes, etc." insert:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

(ii) In columns 4, 5, 6 and 7, if permitted, after "Fiberboard boxes, etc.," insert:

Fiberboard box (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap. each.

b. Amend "Batteries, electric storage, wet" as follows:

In columns 4 and 5 under "Outside containers" delete the present wording and insert:

Special wooden boxes (ICC–15D, 16B) not over 500 lb. gr. wt.
Special fiberboard box (ICC–12B) not over 190 lb. gr. wt.
Wooden or metal trays (non-specification). Carload or truckload shipments of electric storage batteries permitted by regulations to be shipped without outside container shall when stowed on board a vessel be packed in wooden or metal trays so constructed as to protect the batteries from damage, short circuit or from the weight of imposed stowage resting upon the batteries.
Electric storage batteries with case of asphaltum composition, impregnated rubber, steel case type, synthetic resin (plastic) or wooden battery box type, protected against short circuits and firmly secured to skids or pallets capable of withstanding the shocks normally incident to transportation are exempt from specification packaging if such completed unit meets the requirement of the ICC regulations. Battery terminals must not be relied upon to support any part of the superimposed weight.

In columns 6 and 7 under "Outside containers", delete the present wording and insert the following:

Special wooden boxes (ICC–15D, 16B) not over 500 lb. gross wt.
Special fiberboard box (ICC–12B) not over 190 lb. gross wt.
Electric storage batteries with case of asphaltum composition, impregnated rubber, steel case type, synthetic resin (plastic) or wooden battery box type, protected against short circuits and firmly secured to skids or pallets capable of withstanding the shocks normally incident to transportation are exempt from specification packaging if such completed unit meets the requirement of the ICC regulations. Battery terminals must not be relied upon to support any part of the superimposed weight.
Carload or truckload shipments of electric storage batteries containing electrolyte or battery fluid, loaded or braced to prevent damage in transit and short circuits, are exempt from specification packaging, marking other than name of contents, and labeling requirements: *Provided,* That such shipments constitute the only commodity being transported in the railroad car or motor vehicle body.

c. Amend "Compounds, cleaning, liquid (containing hydrofluoric acid)" as follows:

In column 4, after "Wooden boxes, etc.," insert:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

d. After "Difluorophosphoric acid, anhydrous," insert the following:

In column 1, insert:

Di iso octyl acid phosphate.

In column 2, insert:

Toxic and corrosive.

In column 3, insert:

White.

In column 4, insert:

Stowage:
"On deck protected."
"On deck under cover."
Outside containers:
Metal drums (ICC–17E) STC, not over 55 gal. cap.
Tank cars complying with ICC regulations.

In columns 5, 6, and 7 insert:

Not permitted.

e. Amend "Hydrogen peroxide, etc." as follows:

In columns 4, 5, 6, and 7 under "Solutions not over 37%, etc.," change "Fiberboard boxes (ICC–12B) etc." to read:

Fiberboard boxes (ICC–12A, 12B) WIC of glass, polyethylene or aluminum, not over 65 lb. gr. wt.

f. Amend "Hydrochloric (muriatic) acid, etc." as follows:

(i) In columns 4, 5, 6, and 7 delete "Authorized only for hydrochloric acid not over 30% strength: etc."

(ii) In columns 4, 5, 6, and 7 add the following under "Outside containers: Fiberboard boxes, etc.":

Fiberboard boxes (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap.
Fiber drums (ICC–21B) WIC polyethylene (ICC–2T–2S) not over 225 lb. gr. wt.

(iii) In columns 4, 5, 6, and 7 change "Wooden box (ICC–16A), etc." to read:

Wooden box (ICC–16A) WIC polyethylene (ICC–2T, 2U) not over 200 lb. gr. wt.

g. Amend "Hydrofluoric acid" as follows:

In column 4, insert after "Hydrofluoric acid not over 62% strength: Metal barrels or drums, etc.":

Hydrofluoric acid, not over 55% strength.
Fiberboard box (ICC–12A) WIC polyethylene 1 gallon bottles, not over 65 lb. gr. wt.

h. Amend "Hydrofluosilicic acid, etc." as follows:

In column 4, after "Wooden boxes, etc." add:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

i. Amend "Hypochlorite solutions, etc." as follows:

After "Fiberboard boxes (ICC–12B) etc." add:

Fiberboard box (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap.

j. Amend "Sulfuric acid (oil of vitriol), etc." as follows:

In columns 4, 6, and 7 under "For sulfuric acid of concentrations not to exceed 95% etc.":

(i) Change "Wooden box (ICC–16A) etc." to read:

Wooden box (ICC–16A) WIC polyethylene (ICC–2T, 2U), not over 200 lb. gr. wt.

(ii) Add:

Fiberboard box (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap.

Subpart—Detailed Regulations Governing Compressed Gases

§ 146.24–100 [Amendment]

1. Section 146.24–100 *Table G—Classification; Compressed Gases* is amended as follows:

a. After "Dimethyl ether" insert the following:

In column 1, insert:

Dispersant gas, N.O.S.

In column 2 insert:

Inflammable gas.
An inflammable gas or mixtures of gases which are used as propellants.

In column 3 insert:

Red gas.

In column 4 insert:

Stowage:
"On deck protected."
"On deck under cover."
Containers:
Cylinders complying with ICC regulations, with valve protection cap, dished heads, or boxed.
Tank cars complying with ICC regulations.

In columns 5, 6, and 7 insert:

Not permitted.

b. After "Helium-oxygen mixture", add the following:

In column 1 insert:

Hexafluoropropylene.

In column 2 insert:

Noninflammable gas.

In column 3 insert:

Green gas.

In column 4 insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck away from heat."
Containers:
Cylinders:
(With valve protection cap.)
(With dished heads.)
(Boxed.)
Tank cars complying with ICC regulations.

In column 5 insert:

Stowage:
"On deck protected."
"On deck under cover."
"Tween decks."
"Under deck away from heat."
Containers:
Cylinders:
(With valve protection cap.)
(With dished heads.)
(Boxed.)

In column 6 insert:

Ferry stowage (AA)
Containers:
Cylinders:
(With valve protection cap.)
(With dished heads.)
(Boxed.)

In column 7 insert:

Ferry stowage (BB)
Containers:
Cylinders:
(With valve protection cap.)
(With dished heads.)
(Boxed.)

c. After "Oxygen, pressurized liquid" insert the following:

In column 1 insert:

Refrigerant gas, N.O.S.

In column 2 insert:

Inflammable gas.
An inflammable gas or mixture of gases which are used as refrigerants.

In column 3 insert:

Red gas.

In column 4 insert:

Stowage:
"On deck protected."
"On deck under cover."
Containers:
Cylinders complying with ICC regulations, with valve protection cap, dished heads, or boxed.
Tank cars complying with ICC regulations.

In columns 5, 6, and 7 insert:

Not permitted.

Subpart—Detailed Regulations Governing Poisonous Articles

§ 146.25–100 [Amendment]

1. Section 146.25–100 *Table H—Classification: Class A; extremely dangerous poisons* is amended as follows:

a. After "Nitrogen dioxide, liquid, etc." insert the following:

In column 1 insert:

Organic phosphates, N.O.S. mixed with compressed gas (must contain not more than 10 percent by weight of organic phosphate).

In column 2 insert:

Mixtures of organic phosphates with expellant gas.
Avoid breathing fumes and contact with body.
Stow away from living quarters, food products and in space not easily accessible to any persons.
Protect from direct rays of sun and artificial heat.
Keep cool.

In column 3 insert:

Poison gas.

In column 4 insert:

Stowage:
"On deck under cover."
Outside containers:
Cylinders, boxed (ICC–3A300, 3AA300, 3B300, 4A300, 4B240, 4BA240) charged with not more than 5 lbs. of the mixture and to a maximum filling density of 80 percent of the water capacity. Not more than 12 cylinders in one outside wooden box, nor more than 4 cylinders in 1 outside fiberboard box.

In columns 5, 6, and 7 insert:

Not permitted.

§ 146.25–200 [Amendment]

2. Section 146.25–200 *Table H—Classification: Class B; less dangerous poisons* is amended as follows:

a. Amend "Acetone cyanhydrin" as follows:

(i) In column 4, under "Outside containers", make the following changes:

(1) Change "(ICC–6J) WIC, etc." to read:

(ICC–6J, 5B) WIC (ICC–2S polyethylene) not over 55 gal. cap.

(2) After "Steel barrels or drums, etc." insert:

Aluminum drums:
(ICC–42B, 42C, 42D, 42E, 42G) not over 55 gal. cap.

(3) After "Wooden boxes (ICC–15A), etc." insert:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

(4) After "Fiberboard boxes (ICC–12A), etc." insert:

Fiberboard box (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap. each, not over 65 lb. gr. wt.

b. Amend "Alcohol, allyl" as follows:

(i) In column 4, under "Outside containers" make the following changes:

(1) Under "Steel barrels or drums", change "(ICC–6J), etc." to read:

(ICC–6J, 5B) WIC (ICC–2S polyethylene) not over 55 gal. cap.

(2) Under "Aluminum drums", change "(ICC–42B, etc.)" to read:

(ICC–42B, 42C, 42D, 42E, 42G) not over 55 gal. cap.

(3) After "Wooden boxes (ICC–15A), etc." insert:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

(4) After "Fiberboard boxes (ICC–12A, etc.)," insert:

Fiberboard box (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap. each, not over 65 lb. gr. wt.

c. Amend "Aldrin mixture liquid, with more than 60% aldrin, etc." as follows:

(i) In columns 4, 5, 6, and 7 under "Outside containers," make the following changes:

(1) After "(ICC–37P) etc." insert:

(ICC–6J, 5B) WIC (ICC–2S polyethylene) not over 55 gal. cap.
Aluminum drums:
(ICC–42B, 42C, 42D, 42E, 42G) not over 55 gal. cap.

(2) After "Wooden boxes (ICC–15A, etc.)," insert:

Wooden box (ICC–16A) WIC polyethylene 2U, not over 200 lb. gr. wt.

(3) Change "Fiberboard boxes (ICC–12B), etc." to read:

Fiberboard boxes (ICC–12A, 12B) WIC, not over 65 lb. gr. wt.

(4) Insert:

Fiberboard boxes (ICC–12B) WIC polyethylene 2U, not over 5 gal. cap. each, not over 65 lb. gr. wt.

(5) Insert:

Mailing tubes (ICC–29) WIC polyethylene, not over 2 qt. cap. each.

d. Amend "Aniline oil, liquid" as follows:

In column 4 under "Fiberboard boxes, etc." change "(ICC–12B), etc." to read:

(ICC–12A, 12B) WIC not over 1 gal. cap. each, not over 65 lb. gr. wt.

e. Amend "Arsenic acid, liquid" as follows:

(i) In columns 4, 5, 6, and 7 under "Outside containers," make the following changes:

(1) Delete: "Carboys in kegs, glass (ICC–1C), etc."

(2) Insert:

Carboys in wooden boxes or plywood drums, glass (ICC–1E) not over 13 gal. cap.

(3) Change "(ICC–5, 5A, 5B), etc." to read:

(ICC–5, 5A, 5B, 5C) not over 55 gal. cap.

(4) After "(ICC–37P) etc." insert:

(ICC–6J, 5B) WIC (ICC–2S polyethylene) not over 55 gal. cap.

Subpart—Detailed Regulations Governing Hazardous Articles

1. Section 146.27–25 is amended by changing subparagraph (d)(2) to read as follows:

§ 146.27–25 Requirements and conditions for loading, stowing and transporting baled cotton.

* * * * * * *

(d) * * *

(2) Inflammable liquids, inflammable compressed gases, inflammable solids or oxidizing materials. These substances shall not be stowed in the same hold with cotton, nor in the hold above or a hold below one containing cotton. When possible these substances should not be stowed in a hold adjacent to a hold containing cotton. When it is impossible to provide such separation, these substances may be stowed in holds adjacent to one containing cotton: *Provided,* That the holds are separated by a tight steel bulkhead: *And provided further,* That the inflammable liquids, inflammable compressed gases, inflammable solids or oxidizing materials are packed in metal containers.

§ 146.27–100 [Amendment]

2. Section 146.27–100 *Table K—Classification: Hazardous articles* is amended as follows:

a. Amend "Cotton batting, etc." as follows: In columns 4, 5, 6, and 7 change the note to read as follows:

Shall not be accepted for transportation unless securely baled, bagged or in tight containers. Reject wet or oil-stained bales or bags. Bales and bags shall be afforded the requirements and conditions for loading, stowing, and transporting as detailed in § 146.27–25 for baled cotton.

b. Amend "Cotton waste, etc." as follows: In columns 4 and 5 amend the note and in columns 6 and 7 add a note to read as follows:

Shall not be accepted for transportation unless securely baled or bagged. Reject wet or oil-stained bales or bags. Bales and bags shall be afforded the requirements and conditions for loading, stowing, and transporting as detailed in § 146.27–25 for baled cotton.

Title 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 2112]

[54152]

SOUTH DAKOTA

Reserving Lands for Wildlife Conservation Revoking Certain Military Withdrawals in Part (Fort Meade Military Reservation)

By virtue of the authority vested in the President, and pursuant to Executive Order No. 10355 of May 26, 1952, and in furtherance of the purposes and objectives of the Fish and Wildlife Coordination Act of March 10, 1934 (48 Stat. 401; 16 U.S.C. 661–666c) as amended, it is ordered as follows:

1. Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining but not the mineral leasing laws nor disposals of materials under the act of July 31, 1947 (61 Stat. 681; 43 U.S.C. 601) as amended, and reserved under jurisdiction of the Secretary of the Interior for conservation of natural resources, including recreational and wildlife resources, and the protection and improvement of wildlife habitat thereon:

BLACK HILLS MERIDIAN

T. 5 N., R. 5 E.,
Sec. 10, lots 5, 6 and 9;
Sec. 11, lots 2 and 3, SW¼;
Sec. 13, lots 9 and 10, S½NW¼, and SW¼;
Sec. 14, lot 1, W½NE¼, SE¼NE¼, NW¼, and S½;
Sec. 15, lots 5, 8, 9, 10;
Sec. 22, lots 5, 6, 7, and 8;
Sec. 23, all;
Sec. 24, W½;
Sec. 25, lots 5, 6, and N½NW¼;
Sec. 26, lots 5, 6, 7 and 8, N½N½.
T. 6 N., R. 5 E.,
Sec. 25, lots 7, 8, 9, 10 and 11, SW¼.

The described lands aggregate 3,340.16 acres.

2. The surface and mineral resources of the lands other than wildlife resources, shall be administered by the Bureau of Land Management under applicable law and regulations. Issuance of oil and gas leases shall be governed by the regulations in 43 CFR 192.9.

3. The lands may be made available for use by the State of South Dakota by cooperative agreement between the State, the Bureau of Sport Fisheries and Wildlife, and the Bureau of Land Management in furtherance of the purposes and objectives of section 9 of the Act of June 28, 1934 (48 Stat. 1273; 43 U.S.C. 315h) as amended; the Act of September 2, 1937 (50 Stat. 917; 16 U.S.C. 669–669i) or the Fish and Wildlife Coordination Act of March 10, 1934 (48 Stat. 401; 16 U.S.C. 661–666c) as amended. Such use by the State, however, shall be subordinate to the primary jurisdiction of the United States in the lands and shall be subject to modification or termination by the Secretary of the Interior whenever he shall deem such action to be in the public interest, after due notice and an opportunity to be heard.

4. Costs for the suppresion of fires occurring on lands administered by the Bureau of Land Management will be reimbursed to the agency taking fire suppression action on such lands.

5. The Executive order of December 17, 1878, as modified by the Executive order of May 27, 1885, reserving lands at the Fort Meade Military Reservation, is hereby revoked so far as it affects the lands described in paragraph 1 of this order and the following-described lands.

BLACK HILLS MERIDIAN

T. 5 N., R. 5 E.,
Sec. 27, lots 8 and 9.

6. The areas described in paragraph 5 of this order, containing 90 acres, were added to the Black Hills National Forest by the Proclamation of February 15, 1909. At 10:00 a.m. on July 12, 1960, they shall be open to such forms of appropriation as may by law be made of national forest lands.

7. There is excepted from the reservation made by this order, an area of approximately 105.9 acres in lots 7 and 8 and the N½NE¼ of section 26, T. 5 N., R. 5 E., which was reserved by Public Land Order No. 461 of April 1, 1948, for use of the Department of the Army as a national cemetery.

ROGER ERNST,
Assistant Secretary of the Interior.

[New Mexico 039886]

NEW MEXICO

Revoking Executive Order No. 8923 of October 24, 1941, as Amended

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The Executive Order No. 8923 of October 24, 1941, as amended by Executive Order No. 9526 of February 28, 1945, and as further amended by Public Land Order No. 675 of October 3, 1950, which withdrew the following-described lands for use of the War Department as a National Guard rifle range, is hereby revoked:

NEW MEXICO PRINCIPAL MERIDIAN

T. 10 N., R. 2 E.,
Sec. 4, that part exclusive of the Atrisco Grant.
T. 11 N., R. 2 E.,
Secs. 28 and 33.

The areas described aggregate 1,527.60 acres.

2. Applications and selections under the nonmineral public land laws and the regulations in 43 CFR will be received at once by the Manager named below. Priorities in the consideration of such applications will be recognized as follows:

a. Until 10:00 a.m. on December 5, 1960, the State of New Mexico shall have a preferred right of application to select the lands in accordance with and subject to the provisions of subsection (c) of section 2 of the Act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852), and the regulations in 43 CFR.

b. All valid applications under the nonmineral public land laws other than those coming under subparagraph (a) above, presented prior to 10:00 a.m. on December 5, 1960, will be considered as simultaneously filed at that hour. Any rights under such applications filed thereafter will be governed by the time of filing.

c. All applications under subparagraphs (a) and (b) above, shall be subject to those from persons having prior existing valid settlement rights, preference rights conferred by existing law, and equitable claims subject to allowance and confirmation.

3. Persons claiming preferential consideration must submit evidence of their entitlement.

4. The lands will be open to applications and offers under the mineral leasing laws, and to locations under the United States mining laws beginning at 10:00 a.m. on December 5, 1960. Locations made prior thereto shall be invalid.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Santa Fe, New Mexico.

ROGER ERNST,
Assistant Secretary of the Interior.

[Colorado 015325]

COLORADO

Opening Lands Under Section 24 of the Federal Power Act (Power Site Reserve No. 244)

1. In DA-413-Colorado, issued February 17, 1959, the Federal Power Commission determined that the value of the following-described lands will not be injured or destroyed for purposes of power development by location, entry or selection under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U.S.C. 818), as amended:

SIXTH PRINCIPAL MERIDIAN

T. 3 S., R. 85 W.,
Sec. 7, E½SW¼.
Containing 80 acres.

2. The lands are located along the Colorado River approximately 14 miles upstream from Dotsero, Colorado. The topography is very rough, with shallow rocky soil supporting scrub pinion and juniper trees, with a small amount of shrubs and grasses.

3. Until 10:00 a.m. on December 5, 1960, the State of Colorado shall have a preferred right of application to select the lands, in accordance with and subject to the limitations and requirements of subsection (c) of section 2 of the Act of August 27, 1958 (72 Stat. 928; 43 U.S.C. 851, 852). During this period the State may also apply under any statute or regulation applicable thereto, for the reservation to the State or to any of its political subdivisions of any of the lands required as a right-of-way, or as a source of materials for the construction and maintenance of such highways, pursuant to the provisions of section 24 of the Federal Power Act, supra.

4. Beginning at 10:00 a.m. on December 5, 1960, the lands shall be open to application, petition, location, and selection by the public generally, subject to valid existing rights, to equitable claims and the requirements of applicable law.

5. The lands have been open to applications and offers under the mineral leasing laws, and to location under the United States mining laws pursuant to the Act of August 11, 1955 (69 Stat 682; 30 U.S.C. 621).

6. The lands are occupied in whole or in part by claimants under the public land laws who have built valuable improvements on the lands and who claim an equitable interest therein.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Denver, Colorado.

ROGER ERNST,
Assistant Secretary of the Interior.

Proposed Rule Making

FEDERAL AVIATION AGENCY

[14 CFR Part 602]

[Airspace Docket No. 60–WA–74]

CODED JET ROUTES

Establishment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 602 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency has under consideration the establishment of VOR/VORTAC jet route No. 92 between Oakland, Calif., and Tuscon, Ariz. This route would be established from the Oakland VOR via the Stockton, Calif., VOR; intersection of the Stockton VOR 085°, the Tonopah, Nev., VOR 268° and the Beatty, Nev., VOR 326° True radials; Beatty VOR; intersection of the Beatty VOR 142° and the Las Vegas, Nev., VOR 266° True radials; Las Vegas VOR; Prescott, Ariz., VOR; Phoenix, Ariz., VOR; to the Tuscon VOR. The establishment of this jet route would provide a route for jet aircraft service between the San Francisco-Oakland terminal area and Tuscon which will begin in the near future.

If this action is taken, VOR/VORTAC jet route No. 92 would be established from Oakland, Calif., to Tuscon, Ariz., via the Stockton, Calif., VOR; intersection of the Stockton VOR 085°, the Tonopah, Nev., VOR 268° and the Beatty, Nev., VOR 326° True radials; Beatty VOR; intersection of the Beatty VOR 142° and the Las Vegas, Nev., VOR 266° True radials; Las Vegas VOR; Prescott, Ariz., VOR; Phoenix, Ariz., VOR; to the Tuscon, Ariz., VOR.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. All communications received within thirty days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Chief, Airspace Utilization Division. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B–316, 1711 New York Avenue NW., Washington 25, D.C.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on June 6, 1960.

CHARLES W. CARMODY,
Acting Director, Bureau of Air Traffic Management.

[Airspace Docket No. 60–WA–102]

CODED JET ROUTES

Establishment

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to Part 602 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency has under consideration the establishment of VOR/VORTAC jet route No. 104 from the Tuscon, Ariz., VOR to the Grants, N. Mex., VOR. The establishment of this jet route would provide a portion of a route, to be used in conjunction with existing jet routes, for jet aircraft service between Tuscon and Chicago, Ill., which will begin in the near future.

If this action is taken, VOR/VORTAC jet route No. 104 would be established from Tuscon, Ariz., to Grants, N. Mex.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. All communications received within thirty days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Chief, Airspace Utilization Division. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B–316, 1711 New York Avenue NW., Washington 25, D.C.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on June 6, 1960.

[Airspace Docket No. 60–WA–121]

RESTRICTED AREAS

Revocation

Pursuant to the authority delegated to me by the Administrator (§ 409.13, 24 F.R. 3499), notice is hereby given that the Federal Aviation Agency is considering an amendment to § 608.57 of the regulations of the Administrator, the substance of which is stated below.

The Federal Aviation Agency is currently reviewing the utilization of all existing restricted areas. This review is based upon all data available to the Federal Aviation Agency, including any received in response to Special Airspace Regulation No. 1 (24 F.R. 5898). According to the data available, it appears that the following restricted area does not have sufficient justification to warrant continued designation, and revocation thereof would be in the public interest:

Sheboygan, Wis., Restricted Area (R–83–A). This is an area of approximately 636 square miles over the central part of Lake Michigan, northwest of Muskegon, Mich. It is controlled by the Commanding officer, Naval Air Station, Glenview, Ill. It was designated for air-to-air gunnery, air-to-surface gunnery, rocket firing, tactics, antiaircraft firing, bombing and strafing for use at altitudes to 65,000 feet MSL and daily 0730 to 1700.

If this action is taken, Sheboygan, Wis., Restricted Area (R–83–A), would be revoked.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Management Field Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City 10, Mo. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Management Field Division Chief, or the Chief, Airspace Utilization Division, Federal Aviation Agency, Washington 25, D.C. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for

consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the Docket Section, Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. An informal Docket will also be available for examination at the office of the Regional Air Traffic Management Field Division Chief.

This amendment is proposed under sections 307(a) and 313(a) of the Federal Aviation Act of 1958 (72 Stat. 749, 752; 49 U.S.C. 1348, 1354).

Issued in Washington, D.C., on June 6, 1960.

CONSIDERATION OF ANTENNA STRUCTURES WITH RESPECT TO POSSIBLE HAZARD TO AIR NAVIGATION

Order Extending Time for Filing Comments

In the matter of amendment of § 17.4 (a), (b), (c) and (d), Part 17—Construction, Marking and Lighting of Antenna Structures.

1. The Commission has before it for consideration a telegraphic request of the Association of Federal Communications Consulting Engineers to extend the time for comments in the above-entitled proceeding to June 17, 1960.

2. In support of its request, the Association states that the Chairman of the Committee of the Association has been concerned with a protest hearing in Tucson and because of the priority of this hearing the Association requests a ten day extension.

3. In addition, other factors have come to the attention of the Commission which leads to the conclusion that an extension of time in which to file comments would not militate against orderly administration.

4. In view of the foregoing: *It is ordered,* That the date for filing comments in the above-entitled matter is extended to June 22, 1960, and the date for filing replies to such comments is extended to July 5, 1960.

Adopted: June 7, 1960.

Released: June 8, 1960.

Rules, standards and instructions for installation, inspection, maintenance, and repair of automatic block signal systems, interlocking, traffic control systems, automatic train stop, train control, and cab signal systems, and other similar appliances, methods and systems.

At a session of the Interstate Commerce Commission, division 3, held at its office in Washington, D.C. on the 2d day of June A.D. 1960.

Notice is hereby given pursuant to the provisions of section 4(a) of the Administrative Procedure Act (60 Stat. 237, 5 U.S.C. 1003) that the Commission has under consideration revision of § 136.410 of the above rules, Standards and Instructions prescribed by the order of June 29, 1950, as amended, by revising said section to read as follows:

§ 136.410 Locking, hand-operated switch.

(a) Each hand-operated switch in main track shall be locked either electrically or mechanically in normal position, except where:

(1) Train speeds over switch do not exceed 20 miles per hour; or

(2) Trains are not permitted to clear the main track at such switch; or

(3) Both switch and traffic-control system were installed prior to October 1, 1950.

(b) Approach or time locking shall be provided and locking may be released either automatically, or by the control operator, but only after the control circuits of signals governing movement in either direction over the switch and which display aspects with indications more favorable than "proceed at restricted speed" have been opened directly or by shunting of track circuit.

Any interested person may on or before July 11, 1960, file with the Commission's Secretary written views, arguments or suggestions to be considered in this connection and may request oral argument thereon. Unless otherwise ordered, after consideration of representations so received and with such changes as may seem warranted because of them, an order will be entered making the revised Rule, Standard and Instruction effective after due notice to all carriers which will be subject thereto.

The proposed revised section is to be issued under authority contained in section 25(c) of the Interstate Commerce Act, as amended (54 Stat. 919; 49 U.S.C. 26).

By the Commission, Division 3.

[SEAL] HAROLD D. McCOY,
Secretary.

DEPARTMENT OF THE TREASURY

Office of the Secretary

[1960 Department Circular No. 1043]

3¾ PERCENT TREASURY NOTES OF SERIES D–1964

Offering of Notes

JUNE 8, 1960.

I. *Offering of notes.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for notes of the United States, designated 3¾ percent Treasury Notes of Series D–1964, in exchange for 2½ percent Treasury Bonds of 1961, dated February 15, 1954, due November 15, 1961. Subscriptions to the offering under this circular are invited up to an amount not to exceed $3,500,000,000. If subscriptions exceed this amount by more than 10 percent, they will be subject to allotment. The books will be open only on June 8 to June 13, 1960, inclusive, for the receipt of subscriptions for this issue.

2. In addition to the exchange offering under this circular, holders of the eligible bonds are also offered the privilege of exchanging them for 3⅞ percent Treasury Bonds of 1968, which offering is set forth in Department Circular No. 1044, issued simultaneously with this circular.

3. Nonrecognition of gain or loss for Federal Income tax purposes: Pursuant to the provisions of section 1037(a) of the Internal Revenue Code of 1954 as added by Public Law 86–346 (approved September 22, 1959), the Secretary of the Treasury hereby declares that no gain or loss shall be recognized for Federal income tax purposes upon the exchange with the United States of the 2½ percent Treasury Bonds of 1961, due November 15, 1961, solely for the 3¾ percent Treasury Notes of Series D–1964. Gain or loss, if any, upon the obligations surrendered in exchange will be taken into account upon the disposition or redemption of the new obligations.

II. *Description of notes.* 1. The notes will be dated June 23, 1960, and will bear interest from that date at the rate of 3¾ percent per annum, payable on a semiannual basis on November 15, 1960, and thereafter on May 15 and November 15 in each year until the principal amount becomes payable. They will mature May 15, 1964, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of $1,000, $5,000, $10,000, $100,000, $1,000,000, $100,000,000 and $500,000,000. Provision will be made for the interchange of notes of different denominations and of coupon and registered notes, and for the transfer of registered notes, under rules and regulations prescribed by the Secretary of the Treasury.

5. The notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States notes.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington. Only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Banking institutions generally may submit subscriptions for account of customers. Subscriptions from banking institutions for their own account, Federally insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, Government Investment Accounts, and the Federal Reserve System will be received without deposit. Subscriptions from all others must be accompanied by the deposit of 2½ percent Treasury Bonds of 1961, due November 15, 1961, in the amount of not less than 10 percent of the amount of notes applied for, not subject to withdrawal until after allotment. Registered bonds submitted as deposits should not be assigned. After allotment detached assignment forms may be used as provided in Section V hereof.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, to allot less than the amount of notes applied for, and to make different percentage allotments to various classes of subscribers; and any action he may take in these respects shall be final. The basis of the allotment will be publicly announced, and allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for notes allotted hereunder must be made on or before June 23, 1960, or on later allotment, and may be made only in 2½ percent Treasury Bonds of 1961, due November 15, 1961, which will be accepted at par. Coupons dated November 15, 1960, and all subsequent coupons, must be attached to the bonds in coupon form when surrendered and accrued interest from May 15, 1960, to June 23, 1960 ($2.64946 per $1,000) will be paid subscribers, in the case of bearer bonds following their acceptance, and in the case of registered bonds following discharge of registration. In the case of registered bonds, the accrued interest will be paid by check drawn in accordance with the assignments on the bonds surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

V. *Assignment of registered bonds.* 1. After allotment 2½ percent Treasury Bonds of 1961 in registered form tendered in payment for notes offered hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, in one of the forms hereafter set forth, and thereafter should be presented and surrendered to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington, D.C. If the new notes are desired registered in the same name as the bonds surrendeded in exchange, the assignment should be to "The Secretary of the Treasury for exchange for 3¾ percent Treasury Notes of Series D–1964." If the new notes are desired registered in another name, the assignment should be to "The Secretary of the Treasury for exchange for 3¾ percent Treasury Notes of Series D–1964, in the name of _____." If new notes in bearer form are desired, the assignment should be to "The Secretary of the Treasury for exchange for 3¾ percent Treasury Notes of Series D–1964 in coupon form to be delivered to _____." Detached assignment forms may be used for the convenience of subscribers.

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] ROBERT B. ANDERSON,
Secretary of the Treasury.

3⅞ PERCENT TREASURY BONDS OF 1968

Offering of Bonds

JUNE 8, 1960.

I. *Offering of bonds.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for bonds of the United States, designated 3⅞ percent Treasury Bonds of 1968, in exchange for 2½ percent Treasury Bonds of 1961, dated February 15, 1954, due November 15, 1961. Subscriptions to the offering under this circular are invited up to an amount not to exceed $1,500,000,000. If subscriptions exceed this amount by more than 10 percent, they will be subject to allotment. The books will be open only on June 8 to June 13, 1960, inclusive, for the receipt of subscriptions for this issue.

2. In addition to the offering under this circular, holders of the eligible bonds are offered the privilege of exchanging them for 3¾ percent Treasury Notes of Series D–1964, which offering is set forth in Department Circular No. 1043, issued simultaneously with this circular.

3. Nonrecognition of gain or loss for Federal income tax purposes: Pursuant to the provisions of section 1037(a) of the Internal Revenue Code of 1954 as added by Public Law 86–346 (approved September 22, 1959), the Secretary of the Treasury hereby declares that no gain or loss shall be recognized for Federal income tax purposes upon the exchange with the United States of the 2½ percent Treasury Bonds of 1961, due November 15, 1961, solely for the 3⅞ percent Treasury Bonds of 1968. Gain or loss, if any, upon the obligations surrendered in exchange will be taken into account upon the disposition or redemption of the new obligations.

II. *Description of bonds.* 1. The bonds will be dated June 23, 1960, and will bear interest from that date at the rate of 3⅞ percent per annum, payable on a semiannual basis on November 15, 1960, and thereafter on May 15 and November 15 in each year until the principal amount becomes payable. LEARNER EMPLOYMENT CERTIFICATES

Issuance to Various Industries

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), the regulations on employment of learners (29 CFR Part 522), and Administrative Order No. 524 (24 F.R. 9274) the firms listed in this notice have been issued special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates otherwise applicable under section 6 of the Act. The effective and expiration dates, occupations, wage rates, number or proportion of learners, learning periods, and the principal product manufactured by the employer for certificates issued under general learner regulations (§§ 522.1 to 522.11) are as indicated below. Conditions provided in certificates issued under special industry regulations are as established in these regulations.

Apparel Industry Learner Regulations (29 CFR 522.1 to 522.11, as amended, and 29 CFR 522.20 to 522.24, as amended).

The following learner certificates were issued authorizing the employment of 10 percent of the total number of factory production workers for normal labor turnover purposes. The effective and expiration dates are indicated.

Altamont Shirt Corp., Altamont, Tenn.; effective 5-19-60 to 5-18-61 (men's and boys' dress shirts).

Carwood Manufacturing Co., No. 3, 107 Chattahooche Street, Cornelia, Ga.; effective 5-17-60 to 5-16-61 (work, sport and western shirts).

Carwood Manufacturing Co., No. 2, 119 Ivie Street, Cornelia, Ga.; effective 5-17-60 to 5-16-61 (men's cotton work pants).

Freeland Sportswear Co., Inc., 246-250 Centre Street, Freeland, Pa.; effective 5-18-60 to 5-17-61 (men's outerwear).

La Crosse Sportswear Corp., La Crosse, Va.; effective 5-18-60 to 5-17-61 (knitted sport shirts).

Lyons Manufacturing Co., Lyons, Ga.; effective 5-18-60 to 5-17-61 (men's and ladies' shirts).

Monticello Manufacturing Co., Inc., Monticello, Ky.; effective 5-20-60 to 5-19-61 (ladies' blouses, men's sport shirts).

The following learner certificates were issued for normal labor turnover purposes. The effective and expiration dates and the number of learners authorized are indicated.

Gross Galesburg Co., Clinton, Ind.; effective 5-18-60 to 5-17-61; 10 learners (boys' cotton pants, jackets, dungarees).

Trent-Green Corp., Ruckersville, Va.; effective 5-20-60 to 5-19-61; 10 learners (men's sport shirts).

The following learner certificates were issued for plant expansion purposes. The effective and expiration dates and the number of learners authorized are indicated.

Altamont Shirt Corp., Altamont, Tenn.; effective 5-19-60 to 11-18-60; 75 learners (men's and boys' dress shirts).

Ringer Staples Co., Staples, Minn.; effective 5-19-60 to 11-15-60; 20 learners (supplemental certificate) (sportswear and other outerwear).

Trent-Green Corp., Ruckersville, Va.; effective 5-20-60 to 11-19-60; 20 learners (men's sport shirts).

Glove Industry Learner Regulations (29 CFR 522.1 to 522.11, as amended, and 29 CFR 522.60 to 522.66, as amended).

Fairfield Glove Co., Bonaparte, Iowa; effective 5-18-60 to 5-17-61; 10 learners for normal labor turnover purposes (gloves and mittens).

Wainwright Corp., New London, Iowa; effective 5-20-60 to 5-19-61; five learners for normal labor turnover purposes (leather work gloves).

Hosiery Industry Learner Regulations (29 CFR 522.1 to 522.11, as amended, and 29 CFR 522.40 to 522.44, as amended).

The Batesville Co., Batesville, Miss.; effective 5-23-60 to 11-20-60; 20 learners for plant expansion purposes (seamless).

Green Cove Springs Hosiery Co., Green Cove Springs, Fla.; effective 5-17-60 to 5-16-61; 5 percent of the total number of factory production workers for normal labor turnover purposes (full-fashioned).

Grey Hosiery Mills, Inc., 305 Fourth Avenue East, Hendersonville, N.C.; effective 5-18-60 to 5-17-61; five learners for normal labor turnover purposes (full-fashioned, seamless).

Grey Hosiery Mills, Inc., 305 Fourth Avenue East, Hendersonville, N.C.; effective 5-18-60 to 11-17-60; 10 learners for plant expansion purposes (full-fashioned, seamless).

Knitted Wear Industry Learner Regulations (29 CFR 522.1 to 522.11, as amended, and 29 CFR 522.30 to 522.35, as amended).

Warrenton Manufacturing Co., Elsberry, Mo.; effective 5-18-60 to 5-17-61; five learners for normal labor turnover purposes (women's slips, half-slips).

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9.

Signed at Washington, D.C., this 26th day of May 1960.

ROBERT G. GRONEWALD,
Authorized Representative of the Administrator.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

SALES OF CERTAIN COMMODITIES

June 1960 Monthly Sales List

Notice to buyers. Pursuant to the policy of Commodity Credit Corporation issued October 12, 1954 (19 F.R. 6669) and subject to the conditions stated therein, as well as herein, the commodities listed below are available for sale on the price basis set forth.

Principal changes in the list for June are the addition of broken rice and small red beans. Pea beans have been dropped from the list in accordance with the April 12 announcement (press release USDA 1048-60) that any pea beans not sold by June 1 would be donated through domestic outlets.

The CCC Monthly Sales List, which varies from month to month as additional commodities become available or commodities formerly available are dropped, is designed to aid in moving CCC's inventories into domestic or export use through regular commercial channels.

If it becomes necessary during the month to amend this list in any material way—such as by the removal or addition of a commodity in which there is general interest or by a significant change in price or method of sale—an announcement of the change will be sent to all persons currently receiving the list by mail from Washington. To be put on this mailing list, address: Director, Price Division, Commodity Stabilization Service, U.S. Department of Agriculture, Washington 25, D.C.

All commodities (except oats) currently offered for sale by CCC, plus tobacco from CCC loan stocks are eligible for export sale under the CCC Export Credit Sales Program. The following commodities are currently eligible for barter: Nonfat dry milk, cotton, tobacco, rice (milled), wheat, corn, barley, rye, and grain sorghums. This list is subject to change from time to time.

Interest rates per annum under the CCC Export Credit Sales Program for June 1960 are 4⅜ percent for periods up to six months, 4⅞ percent for periods from over six and up to 18 months, and 5⅜ percent for periods from over 18 months up to a maximum of 36 months.

The CCC will entertain offers from responsible buyers for the purchase of any commodity on the current list. Offers accepted by CCC will be subject to the terms and conditions prescribed by the Corporation. These terms include payment by cash or irrevocable letter of credit before delivery of the commodity, and the conditions require removal of the commodity from CCC storage within a reasonable period of time. Where conditions of sale for export differ from those for domestic sale, proof of exportation is also required, and the buyer is responsible for obtaining any required U.S. Government export permit or license. Purchases from CCC shall not constitute any assurance that any such permit or license will be granted by the issuing authority.

Announcements containing all terms and conditions of sale will be furnished upon request. For easy reference a number of these announcements are identified by code number in the following list. Interested persons are invited to communicate with the Commodity Stabilization Service, USDA, Washington 25, D.C., with respect to all commodities or—for specified commodities—with the designated CSS Commodity Office.

Commodity Credit Corporation reserves the right to amend, from time to time, any of its announcements. Such amendments shall be applicable to and be made a part of the sale contracts thereafter entered into.

CCC reserves the right to reject any or all offers placed with it for the purchase of commodities pursuant to such announcements.

If CCC does not have adequate information as to the financial responsibility of a prospective buyer to meet all contract obligations that might arise by acceptance of an offer or if CCC deems such buyer's financial responsibility to be inadequate CCC reserves the right (i) to refuse to consider the offer, (ii) to accept the offer only after submission by the buyer of a certified or cashier's check, bond, letter of credit or other security acceptable to CCC assuring that the buyer will discharge the responsibility under the contract, or (iii) to accept the offer upon condition that the buyer promptly submit to CCC such of the aforementioned security as CCC may direct. If a prospective buyer is in doubt as to whether CCC is acquainted with his financial responsibility he should communicate with the CSS office at which the offer is to be placed to determine whether a financial statement or advance financial arrangement will be necessary in his case.

Disposals and other handling of inventory items often result in small quantities at given locations or in qualities not up to specifications. These lots are offered promptly upon appearance by public notice issued by the appropriate CSS office and therefore generally they do not appear in the Monthly Sales List.

On sales for which the buyer is required to submit proof to CCC of exportation the buyer shall be regularly engaged in the business of buying or selling commodities and for this purpose shall maintain a bona fide business office in the United States, its territories or possessions, and have a person, principal, or resident agent upon whom service of judicial process may be had.

Prospective buyers for export should note that generally, sales to United States Government agencies, with only minor exceptions, will constitute a domestic unrestricted use of the commodity.

Commodity Credit Corporation reserves the right, before making any sale, to define or limit export areas.

Commodity	Sales price or method of sale
Dairy products	Sales are in carlots only in store at storage location of products. Submission of offers: For products in Arizona, California, Idaho, Nevada, Oregon, Utah, and Washington, submit offers to the Portland CSS Commodity Office. For products in other States and the District of Columbia, submit offers to the Cincinnati CSS Commodity Office.
Nonfat dry milk (bags and drums as available).	Domestic, unrestricted use; announced prices, under LD-29 as amended: Spray process, U.S. extra grade, 15.00 cents per pound. Roller process, U.S. extra grade, 13.00 cents per pound. Export: Competitive bid under LD-33 pursuant to invitations to bid to be issued by Cincinnati and Portland CSS Commodity Offices (may be applied to arrangements for barter or approved credit sales).
Cotton, upland	Domestic or export, unrestricted use: Competitive bid and under the terms and conditions of Announcement NO-C-12 (sale of 1958 and prior crop cotton for unrestricted use), and Announcement NO-C-13 (sale of 1959-crop Choice (A) cotton for unrestricted use). Under NO-C-12 and NO-C-13, cotton in CCC's catalogs to be sold at highest price offered but in no event at less than the higher of (1) the market price as determined by CCC or (2) 110 percent of the applicable Choice (B) support price plus carrying charges.
Cotton, extra long staple	Domestic or export, unrestricted use: Competitive bid and under the terms and conditions of Announcements NO-C-6 as amended and NO-C-10 as amended, but not less than the higher of (1) 105 percent of the current support price plus reasonable carrying charges, or (2) the domestic market price as determined by CCC.
Catalogs	Catalogs for upland cotton and extra long staple cotton showing quantities, qualities, and locations may be obtained for a nominal fee from the New Orleans CSS Commodity Office.
Wheat, bulk	Domestic, unrestricted use; commercial wheat-producing area: Market price basis in store but not less than the 1959 applicable loan rate plus (1) 25 cents per bushel if received by truck or (2) 20 cents per bushel if received by rail or barge. If delivery is outside the area of production, applicable freight will be added to the above. Examples of the foregoing minimum price per bushel (exrail or barge): Chicago, No. 1 RW ..... $2.32 Minneapolis, No. 1 DNS ..... 2.39 Kansas City, No. 1 HW ..... 2.32 Portland, No. 1 SW ..... 2.23 Noncommercial wheat-producing area: Same basis as in commercial area except 133 percent of applicable support rate. Export: (1) As wheat under Announcement GR-261 revised, as amended, or as flour under Announcement GR-262 revised, as amended, for application under arrangements for barter which permits exportation of wheat as flour and approved credit sales only at prices determined daily (2) under Announcement GR-212 revised, amended, for specific offerings as announced and (3) under Announcement GR-345 for redemption of certificates under Payment-in-Kind Program. Available Evanston, Dallas, Kansas City, Minneapolis, and Portland CSS Commodity Offices.
Corn, bulk	Domestic, unrestricted use: Market price, basis in store,[1] but not less than the 1959 applicable loan rate plus (1) a markup of 18 cents per bushel for corn in storage at point of production or (2) a markup of 20 cents per bushel and the rail freight from point of production to the present point of storage for corn in storage at other than the point of production.

See footnote at end of table.

Commodity	Sales price or method of sale
Corn, bulk—Continued	Domestic, unrestricted use—Continued Examples of the foregoing minimum price per bushel for No. 2 yellow corn, 13.3 percent moisture and 1.4 percent foreign material including average paid-in freight from Woodford County, Ill., to Chicago and Redwood County, Minn., to Minneapolis, respectively: Chicago ..... $1.52¼ Minneapolis ..... 1.35¼ Nonstorable corn, unrestricted use (as available): At not less than market price as determined by CCC. At bin sites, through ASC County Offices. At other locations through the Commodity Offices indicated below. Export: Under Announcement GR-212, revised, amended, for application to arrangements for barter and approved credit and emergency sales and under Announcement GR-368 for Feed Grain Payment-in-Kind Program. Available Evanston, Dallas, Kansas City, Minneapolis, and Portland CSS Commodity Offices.
Oats, bulk	Domestic, unrestricted use: Market price, basis in store,[1] but not less than the 1959 applicable loan rate, plus (1) a markup of 15 cents per bushel for oats in storage at point of production and (2) a markup of 17 cents per bushel and the rail freight from point of production to present point of storage for oats in storage at other than the point of production. Examples of the foregoing minimum price per bushel including average paid-in freight from Woodford County, Ill., to Chicago and Redwood County, Minn., to Minneapolis, respectively: Chicago, No. 3 oats ..... $0.75¾ Minneapolis, No. 3 oats ..... .66¼ Export: Under Announcement GR-212, revised, amended, for application to approved emergency sales and under Announcement GR-368 for Feed Grain Payment-in-Kind Program (certificate redemption purposes only). Available Minneapolis, Evanston, Kansas City, Portland, and Dallas CSS Commodity Offices.
Barley, bulk	Domestic, unrestricted use: Market price basis in store but not less than 1959 applicable loan rate plus (1) 18 cents per bushel if received by truck or (2) 15 cents per bushel if received by rail or barge. If delivery is outside the area of production, applicable freight will be added to the above. Example of the foregoing minimum price per bushel (exrail or barge): Minneapolis, No. 2 or better ..... $1.15 Export: Under Announcement GR-212, revised, amended, for application to arrangements for barter and approved credit and emergency sales, and under Announcement GR-368 for Feed Grain Payment-in-Kind Program. Available Minneapolis, Evanston, Kansas City, Portland, and Dallas CSS Commodity Offices.
Rye, bulk	Domestic, unrestricted use: Market price basis in store but not less than the 1959 applicable loan rate plus (1) 21 cents per bushel if received by truck or (2) 16 cents per bushel if received by rail or barge. If delivery is outside the area of production, applicable freight will be added to the above. Example of the foregoing minimum price per bushel (exrail or barge): Minneapolis, No. 2 or better ..... $1.29 Export: Under Announcement GR-212, revised, amended, for application to arrangements for barter and approved credit and emergency sales and under Announcement GR-368 for Feed Grain Payment-in-Kind Program. Available Minneapolis, Evanston, Portland, Dallas, and Kansas City CSS Commodity Offices.
Grain sorghums, bulk	Domestic, unrestricted use: Market price basis in store but not less than the 1959 applicable loan rate plus (1) 38 cents per hundredweight if received by truck or (2) 29 cents per hundredweight if received by rail or barge. If delivery is outside the area of production, applicable freight will be added to the above. Example of the foregoing minimum price per hundredweight (exrail or barge): Kansas City, No. 2 or better ..... $2.19 Export: Under Announcement GR-212, revised, amended, for application to arrangements for barter and approved credit and emergency sales, and under Announcement GR-368 for Feed Grain Payment-in-Kind Program. Available Evanston, Dallas, Kansas City, Minneapolis, and Portland CSS Commodity Offices.

[1] In those counties in which grain is stored in CCC bin sites delivery will be made f.o.b. buyer's conveyance at bin sites without additional cost; sales will also be made in store approved warehouses in such county and adjacent counties at the same price, provided the buyer makes arrangements.

Commodity	Sales price or method of sale
Rice, milled (as available)	Domestic, unrestricted use: Market price but not less than equivalent 1959 loan rate for rough rice by varieties and grades plus 5 percent, adjusted for milling, plus 43 cents per hundredweight basis in store. Prices and quantities available by varieties and grades may be obtained from Dallas CSS Commodity Office. Example of the minimum prices of milled rice per hundredweight at mills: Blue Bonnet: U.S. No. 3 $9.47; U.S. No. 4 $8.76 Century Patna: U.S. No. 3 8.73; U.S. No. 4 8.10 Export: Under GR-379 for application to arrangements for barter and approved credit sales. Prices and quantities available by varieties and grades may be obtained from Dallas CSS Commodity Office.
Rice, broken (as available)	Domestic or export, unrestricted use: Competitive bid but not less than $4.78 per hundredweight in bags ($4.63 bulk), basis U.S. No. 4 brewers rice f.o.b. mills and warehouses. Available Dallas CSS Commodity Office.
Rice, rough (as available)	Domestic, unrestricted use: Market price but not less than 1959 loan rate plus 5 percent, plus 43 cents per hundredweight, basis in store. Export: As milled or brown under Announcement GR-369, Rice Export Program Payment-in-Kind, and under GR-379 for approved credit sales. Prices, quantities, and varieties of rough rice available from Dallas and Portland CSS Commodity Offices.
Soybeans, bulk 1957 and 1958 crop (as available).	Domestic or export: Market price basis in store but not less than the 1959 basic loan rate for No. 2 grade, basis point of storage, plus 20 cents per bushel, plus the value of billing, if any, as determined by the CSS Commodity Office. ATOMIC ENERGY COMMISSION

[Docket No. 50-24]

GENERAL ELECTRIC CO.

Issuance of Amendment to Utilization Facility License

Please take notice that the Atomic Energy Commission has issued Amendment No. 2 to Facility License No. CX-4, set forth below. The amendment revises and broadens the authorization under the present license No. CX-4 and amendment thereto issued to General Electric Company, covering the operation of the licensee's critical experiment facility located at its Vallecitos Atomic Laboratory, California.

The Commission has found that issuance of the amendment to License No. CX-4 will not result in undue hazard to the health and safety of the public and will not be inimical to the common defense and security.

The Commission has found that prior public notice of proposed issuance of this amendment is not necessary in the public interest since operation of the critical experiment facility as proposed does not present any substantial changes in the hazards to the health and safety of the public from those presented by the previously authorized operation of the facility.

In accordance with the Commission's rules of practice (10 CFR Part 2) the Commission will direct the holding of a formal hearing on the matter of the issuance of the amendment upon receipt of a request therefore from the licensee or an intervener within thirty days after issuance of the license amendment. Petitions for leave to intervene shall be filed by mailing a copy to the Office of the Secretary, Atomic Energy Commission, Washington 25, D.C., or by delivery of a copy in person to the Office of the Secretary, Germantown, Maryland, or the Commission's Public Document Room, 1717 H Street, Washington, D.C. For further details, see (1) the applications for license amendment submitted by General Electric Company and (2) a hazards analysis of the proposed operation of the critical experiments facility prepared by the Hazards Evaluation Branch of the Division of Licensing and Regulation, both on file at the Commission's Public Document Room. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington 25, D.C., Attention: Director, Division of Licensing and Regulation.

Dated at Germantown, Md., this 3d day of June 1960.

For the Atomic Energy Commission.

R. L. KIRK,
Deputy Director, Division of Licensing and Regulation.

[License No. CX-4; Amdt. 2]

Effective as of the date of issuance specified below, License No. CX-4 is amended to read as follows:

1. This license applies to the reactor designated by General Electric Company as the Critical Experiment Facility (hereinafter referred to as "the reactor") which is owned by the Company and located at its Vallecitos Atomic Laboratory in Alameda County, California, and described in applications for license amendment No. 10 dated December 30, 1959, and No. 11 dated March 2, 1960, (hereinafter together referred to as "the application").

2. Pursuant to the Atomic Energy Act of 1954, as amended, (hereinafter referred to as "the Act") the Atomic Energy Commission (hereinafter referred to as "the Commission") finds that:

A. The reactor authorized for construction by Construction Permit No. CPCX-4, issued to General Electric Company, has been constructed and will operate in conformity with the application and in conformity with the Act and the rules and regulations of the Commission;

B. There is reasonable assurance that the reactor can be operated without endangering the health and safety of the public;

C. General Electric Company is technically and financially qualified to operate the reactor, to assume financial responsibility for payment of Commission charges for special nuclear material for a reasonable period of time, and to engage in the proposed activities in accordance with the Commission's regulations;

D. The possession and operation of the reactor and the receipt, possession and use of the special nuclear material in the manner proposed in the application will not be inimical to the common defense and security or to the health and safety of the public; and

E. General Electric Company has submitted proof of financial protection which satisfies the requirements of Commission regulations currently in effect.

3. Subject to the conditions and requirements incorporated herein, the Commission hereby licenses General Electric Company:

A. Pursuant to section 104c of the Act and Title 10, CFR, Chapter I, Part 50, "Licensing of Production and Utilization Facilities", to operate the reactor in accordance with the procedures and limitations described in the application;

B. Pursuant to the Act and Title 10, CFR, Chapter I, Part 70, "Special Nuclear Material," to use up to 800 kilograms of Uranium-235 contained in uranium of various enrichments in connection with operation of the reactor; and

C. Pursuant to the Act and Title 10, CFR, Chapter I, Part 30, "Licensing of Byproduct Material," to possess but not to separate such byproduct material as may be produced by operation of the reactor.

4. This license shall be deemed to contain and be subject to the conditions specified in § 40.54 of Part 50 and § 70.32 of Part 70 and is subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect and the additional conditions specified below:

A. As used in this license, "Summary Safeguards Report" shall be deemed to mean "GEAP 3306, Summary Safeguards Report for the Critical Experiment Facility Vallecitos Atomic Laboratory, Pleasanton, California", dated December, 1959, as amended by application for license amendment No. 11.

B. Unless otherwise authorized by the Commission in writing, General Electric Company shall not operate the reactor:

(1) At power levels in excess of 200 watts (thermal); or

(2) With any core for which the calculated Doppler coefficient is less than $-1.28\times10^{-5}/°C.$; or

(3) When a graphite central test region is used, with more than 20 percent of the total fuel loading located in the graphite test region; or

(4) With other than uranium oxide or thorium oxide fuels.

C. Unless otherwise authorized by the Commission in writing, General Electric Company shall:

(1) Observe all limits and requirements specified in paragraph 4.B. of this license.

(2) Observe all limits and requirements and all maximum and minimum values specified in sections 1.3 "General Description of Reactor" and 1.4 "Operations" of the Summary Safeguards Report.

(3) Make no change in the basic design concept or use of the reactor.

(4) Make no change with respect to any design value, limit or procedure, and conduct no experiments as to which the application states will not be made or conducted without the prior approval of the Commission.

D. General Electric Company may make other changes in the reactor design, core design or in the limits or procedures specified in the application, and may conduct tests or experiments, in the reactor only in accordance with the following procedures:

(1) Prior to making any such changes or conducting any such test or experiment the Manager-Experimental Reactor Physics shall evaluate the hazards involved in the proposed change, test, or experiment and the effect of such change, test or experiment on each of the accidents analyzed in section 5 of the Summary Safeguards Report.

(2) a. If the Manager-Experimental Reactor Physics determines that the proposed change, test, or experiment involves hazards less than, and not different from, those analyzed in section 5 of the Summary Safeguards Report, or does not involve nuclear safety considerations, no further approval shall be required.

b. If the Manager-Experimental Reactor Physics does not make the determination described in subparagraph a. above, the General Electric Company Laboratory Safeguards Group shall evaluate the effect of the proposed change, test, or experiment on each of the accidents analyzed in section 5 of the Summary Safeguards Report. If the Laboratory Safeguards Group determines that the hazards involved in the proposed change, test, or experiment are not greater than, and not different from, those analyzed in section 5 of the Summary Safeguards Report, no further approval shall be required for the proposed change, test, or experiment.

c. If the Laboratory Safeguards Group determines that the hazards involved are or may be different from, or greater than, those analyzed in section 5 of the Summary Safeguards Report, General Electric Company shall provide the Commission with a report describing the proposed change, test, or experiment and including a hazards evaluation of such proposed change, test, or experiment.

d. If, within 15 days after receiving such report, the Commission does not issue any notice to the contrary to General Electric Company, the Company may make or conduct such change, test or experiment without further approval.

e. If, within 15 days after receipt by the Commission of such report, the Commission notifies General Electric Company that, in the Commission's opinion, the hazards involved may be greater than or materially different from those analyzed in section 5 of the Summary Safeguards Report, the change, test, or experiment shall not be made or conducted until after such change, test, or experiment has been authorized in writing by the Commission. The report submitted by General Electric Company shall constitute an application for a license amendment.

For purposes of paragraph 4.D., a proposed change, test or experiment shall be deemed to involve "hazards less than, and not different from, those analyzed in section 5" if (1) the probability of the types of accident analyzed in section 5 would be decreased; and (2) the consequences of the types of

accidents analyzed in section 5 would be decreased; and (3) such change, test, or experiment would not create a credible probability of an accident of a different type than any analyzed in section 5. A proposed change, test, or experiment shall be deemed to involve hazards "not greater than, and not different from, those analyzed in section 5", if (1) the probability of the types of accidents analyzed in section 5 of the Summary Safeguards Report would not be increased; and (2) the consequences of the types of accidents analyzed in section 5 of the report would not be increased; and (3) such change, test, or experiment would not create a credible probability of an accident of a different type than any analyzed in section 5. A proposed change, test, or experiment shall be deemed to involve hazards "greater than or materially different from those analyzed in section 5" if (1) the probability of a type of accident analyzed in section 5 would be increased; or (2) if the consequences of any type of accident analyzed in section 5 would be increased; or (3) if such change, test, or experiment might create a credible probability of an accident of a materially different type than any analyzed in section 5.

E. In addition to those otherwise required under this license and applicable regulations, General Electric Company shall keep the following records:

(1) Reactor operating records, including power levels;

(2) Records containing a description, procedures, and results for each critical experiment performed;

(3) Records showing radioactivity released or discharged into the air or water beyond the effective control of General Electric Company as measured at the point of such release or discharge;

(4) Records of emergency scrams, including reasons for emergency shutdowns; and

(5) Records containing a description of each change in the limitations and procedures described in sections 2 through 4 of the Summary Safeguards Report, and each test or experiment authorized by the Manager-Experimental Reactor Physics or by the Laboratory Safeguards Group and a summary statement of the bases for the conclusions reached by the Manager or the Group; and containing a description of the evaluation made by the Manager or the Group of the hazards involved in the change, test, or experiment and the effect of such change, test or experiment on each of the accidents analyzed in section 5 of the Summary Safeguards Report.

F. General Electric Company shall immediately report to the Commission in writing any indication or occurrence of a possible unsafe condition relating to the operation of the reactor.

G. General Electric Company shall submit to the Commission an annual report of operating experience pertinent to safety. This report shall describe, among other things, the changes, tests, or experiments authorized by the Manager-Experimental Reactor Physics or the Laboratory Safeguards Group. The first such report shall be filed in June, 1961.

5. This license amendment is effective as of the date of issuance and shall expire at midnight May 14, 1963.

Date of issuance: June 3, 1960.

[Docket No. 50-166]

UNIVERSITY OF MARYLAND

Proposed Issuance of Construction Permit

Please take notice that the Atomic Energy Commission proposes to issue a construction permit, substantially as set forth below, authorizing The University of Maryland to construct a 10 kilowatt pool-type nuclear reactor on the University's campus in College Park, Maryland, unless within fifteen days after the filing of this notice with the Office of the Federal Register a request for a formal hearing is filed with the Commission by the applicant or an intervener as provided by the Commission's rules of practice (10 CFR Part 2). Petitions for leave to intervene shall be filed by mailing a copy to the Office of the Secretary, Atomic Energy Commission, Washington 25, D.C., or by delivery of a copy in person to the Office of the Secretary, Germantown, Maryland, or the AEC's Public Document Room, 1717 H Street, Washington, D.C. For further details see (1) the application submitted by The University of Maryland and (2) a hazards analysis prepared by the Hazards Evaluation Branch, Division of Licensing and Regulation, both on file at the AEC's Public Document Room. A copy of item (2) above may be obtained at the AEC's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington 25, D.C., Attention: Director, Division of Licensing and Regulation.

For the Atomic Energy Commission.

Dated at Germantown, Md., this 3d day of June 1960.

R. L. KIRK,
Deputy Director, Division of
Licensing and Regulation.

1. By application dated April 8, 1960 (hereinafter referred to as "the application"), The University of Maryland requested a Class 104 license, defined in § 50.21 of Part 50, "Licensing of Production and Utilization Facilities", Title 10, Chapter 1, CFR, authorizing construction and operation on the University's campus in College Park, Maryland, of a 10 kilowatt pool-type nuclear reactor (hereinafter referred to as "the reactor").

2. The Atomic Energy Commission (hereinafter referred to as "the Commission") finds that:

A. The reactor will be a utilization facility as defined in the Commission's regulations contained in Title 10, Chapter 1, CFR, Part 50, "Licensing of Production and Utilization Facilities";

B. The reactor will be used in the conduct of research and development activities of the types specified in section 31 of the Atomic Energy Act of 1954, as amended (hereinafter referred to as "the Act");

C. The University of Maryland is financially qualified to construct and operate the reactor in accordance with the regulations contained in Title 10, Chapter 1, CFR, to assume financial responsibility for the payment of Commission charges for special nuclear material and to undertake and carry out the proposed use of such material for a reasonable period of time;

D. The University of Maryland and its contractor, Allis-Chalmers Manufacturing Company, are technically qualified to design and construct the reactor;

E. The University of Maryland has submitted sufficient information to provide reasonable assurance that a reactor of the general type proposed can be constructed and operated at the proposed location without undue risk to the health and safety of the public, and that omitted information necessary to complete the application will be supplied; and

F. The issuance of a construction permit to The University of Maryland will not be inimical to the common defense and security or to the health and safety of the public.

3. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 50, "Licensing of Production and Utilization Facilities", the Commission hereby issues a construction permit to The University of Maryland to construct the reactor in accordance with the application. This permit shall be deemed to contain and be subject to the conditions specified in §§ 50.54 and 50.55 of said regulations; is subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to the additional conditions specified below:

A. The earliest completion date for the reactor is June 30, 1960. The latest completion date for the reactor is October 31, 1960. The term "completion date", as used herein, means the date on which construction of the reactor is completed except for the introduction of the fuel material; and

B. The reactor shall be constructed and located on The University of Maryland's campus in College Park, Maryland, as described in the application.

4. This permit is provisional to the extent that a license authorizing operation of the reactor will not be issued by the Commission unless The University of Maryland has submitted to the Commission, by amendment of the application, additional data to complete the hazards analysis of operating the proposed reactor and the Commission has found that the final design provides reasonable assurance that the health and safety of the public will not be endangered by operation of the reactor in accordance with the specified procedures.

5. Upon completion (as defined in paragraph 3.A. above) of the construction of the reactor in accordance with the terms and

conditions of this permit, upon the filing of the additional information needed to bring the original application up-to-date, and upon finding that the reactor authorized has been constructed and will operate in conformity with the application, as amended, and in conformity with the provisions of the Act and of the rules and regulations of the Commission, and in the absence of any good cause being shown to the Commission why the granting of a license would not be in accordance with the provisions of the Act, the Commission will issue a Class 104 license to The University of Maryland pursuant to section 104c of the Act, which license shall expire twenty years after the date of this construction permit.

6. Pursuant to Section 50.60 of the regulations in Title 10, Chapter 1, CFR, Part 50, the Commission has allocated to The University of Maryland for use in connection with the operation of the reactor, 4.5 kilograms of uranium-235 contained in fully enriched uranium and 80 grams of plutonium contained in encapsulated plutonium-beryllium sources.

Date of issuance:

ASSOCIATED MOTION PICTURE INDUSTRIES, INC.

Notice of Filing of Application for Order Retroactively Exempting Transaction Between Affiliates

JUNE 6, 1960.

Notice is hereby given that Associated Motion Picture Industries, Inc. ("Associated"), a registered closed-end, non-diversified investment company, has filed an application pursuant to section 6(c) of the Investment Company Act of 1940 (the "Act") for an order retroactively exempting from the provisions of section 17(a) of the Act the purchase from Associated by Victor M. Carter on July 1, 1959, of shares of the common stock of Republic Pictures Corporation ("Republic") in connection with the transactions mentioned below.

The request of Associated is based upon the following representations and information contained in its application:

On and prior to July 1, 1959, Associated, a corporation organized in 1943 under the laws of Delaware, owned 216,349 shares of Republic common stock with a par value of 50 cents a share, which represented 5 percent or more of the outstanding voting securities of Republic. Carter has been a director of Republic since November 5, 1958.

Pursuant to an agreement dated April 29, 1959, as amended July 1, 1959, Associated and seventeen other corporations and persons agreed to sell all of their Republic common stock holdings, amounting to 549,383 shares to Carter and six other purchasers at a price of $10 per share payable in cash.

The purchase and sale of the common stock was consummated on July 1, 1959. Of the 549,383 shares of Republic common stock which were the subject of this transaction, 216,349 shares were sold by Associated and 249,383 shares were acquired by Carter. Of the 216,349 shares of Republic common stock sold by Associated, 121,349 were transferred to Carter and the balance was transferred to purchasers other than Carter.

Republic is engaged, through its subsidiaries and divisions, in the business of film processing, graphic arts, distributing its library of films to the television industry and theaters, leasing its studio property and in the manufacture and sale of plastic products.

Pursuant to the definition contained in section 2(a)(3) of the Act, Carter is an affiliated person of Republic and Republic, in turn, on and prior to July 1, 1959, was an affiliated person of Associated. Generally speaking, section 17(a) of the Act prohibits an affiliated person (Carter) of an affiliated person (Republic) of a registered investment company (Associated) from purchasing from such registered investment company (Associated) any security of which the seller is not the issuer (stock of Republic), unless the Commission by order upon application pursuant to section 17(b) of the Act grants an exemption from section 17(a) of the Act upon a finding that the terms of the proposed transaction, including the consideration to be paid or received are reasonable and fair and do not involve overreaching on the part of any person concerned; and that the proposed transaction is consistent with the policy of the investment company concerned, and consistent with the general purposes of the Act.

An application pursuant to section 17(b) of the Act for an order exempting a transaction from the provisions of section 17(a) of the Act is limited to only a proposed transaction. Since the transaction referred to above has already been consummated, Associated requests an order pursuant to section 6(c) of the Act retroactively exempting such transaction from the provisions of section 17(a) of the Act.

Section 6(c) of the Act authorizes the Commission by order upon application conditionally or unconditionally to exempt any transaction from any provisions of the Act or of any rule or regulation thereunder, if and to the extent that the Commission finds that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

The application states that the book value of Republic's common stock at the end of Republic's fiscal years 1957–1959, inclusive, was equal to $2.226, $2.766 and $2.858 a share, respectively. For the fiscal year 1957, Republic had a deficit in net income of 67 cents a share of common stock before preferred dividend requirements. Net income applicable to Republic's common stock for the fiscal years 1958 and 1959 was equal to 54 cents and 24 cents a share, respectively. The sales price of $10 per share of Republic's common stock is equal to 12.5 times per share earnings for the fiscal year 1958; and 41.66 times per share earnings for the fiscal year 1959. The only cash dividend paid by Republic on its common stock during the period 1957–1959, inclusive, was 15 cents a share paid in 1959.

The application also states that the closing prices of Republic's common stock on the New York Stock Exchange on April 30, 1959, the day following the execution of the instant purchase—sale agreement was 9½; and the closing price of such stock on said exchange on June 30, 1959, the date preceding the closing, was 10¼.

The application further states that the agreement for the sale of Republic's common stock was ratified by Associated's board of directors on May 13, 1959 and that neither Carter nor any of the other purchasers of Republic stocks had any connection with Associated or any of its directors except that Carter was the owner of record of 501 shares of a total of 187,926.4 shares of Associated's outstanding capital stock.

The application also states that until after the consummation of the transaction neither Associated nor any of the other parties or their attorneys was aware of Carter's status as an affiliated person of Republic under the Act or of the possible application of section 17 of the Act to the transaction.

The application further states that the terms of the transaction are reasonable and fair and do not involve overreaching; that the transaction is consistent with the policy of Associated; and that exemption from the provisions of section 17(a) of the Act would be appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than June 21, 1960 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

By the Commission.

Secretary.

BANK FIDUCIARY FUND OF MAINE

Notice of Application by Investment Company for Exemption From Certain Sections of the Act

JUNE 3, 1960.

Notice is hereby given that Bank Fiduciary Fund of Maine, a registered open-end diversified investment company, has filed an application pursuant to section 6(c) of the Investment Company Act of 1940 ("Act"), for exemption from the following sections of the Act: Sections 16(a), 22(d), 22(e), 24(d), 20(a) and Rule 20a–1, of the general rules and regulations promulgated thereunder.

The application contains the following representations:

Applicant was organized in October 1959 under the Mutual Trust Investment Company Act of Maine as a mutual trust investment company to serve as a medium for the common investment of trust funds held in a fiduciary capacity by banks and trust companies in Maine whose trust assets are not large enough to permit them to form common trust funds of their own. Applicant is subject to regulation and supervision by the Bank Commissioner of the State of Maine, and its investment powers are limited by statute so that, except for obligations of the United States, it may not invest more than 10 percent of its assets in the securities of any one isssuer, it may not purchase more than 10 percent of the outstanding stock of any one issuer, and it may not invest in obligations of individuals or in the notes or bonds of any corporation if the total issue of such notes or bonds is less than $500,000. The selection of investments is also limited by the "prudent man" rule which governs investments by fiduciaries in the State of Maine.

Applicant will not employ underwriters or sales personnel, or undertake any active sales campaign, and its shares may be purchased by eligible banks and trust companies at the initial offering price of $100 per share without any sales load. A charge of 25 cents per share will be made to the participating banks for the purpose of defraying organizational expenses, estimated to amount to about $2,500. When such expenses have been recovered, this charge will be discontinued and subsequent purchases will be made at net asset value as determined on designated valuation dates without any further charges.

Applicant contends that compliance with the provisions of the Act described below would be unduly burdensome and expensive since the statutory limitations on its investment activities and the supervision of the Bank Commissioner of the State of Maine make such compliance unnecessary in the protection of the investing banks.

Section 16(a) prohibits a person from serving as a director of a registered investment company unless elected by the holders of the outstanding voting securities at an annual or special meeting called for that purpose. Applicant has not issued any of its shares and accordingly its present board which was selected at its organizational meeting on October 21, 1959, not having been elected by shareholders, does not comply with section 16(a). In order to avoid the expense of a special meeting of shareholders prior to the date of its regular annual meeting, Applicant requests an exemption from section 16(a) so as to permit the present board of directors to serve until the next annual meeting of shareholders.

Applicant represents that compliance with the proxy rules promulgated under the Securities Exchange Act of 1934 as required by section 20(a) of the Investment Company Act and Rule 20a–1 thereunder would constitute an undertaking of substantial expense to Applicant without providing a comparable benefit to its investors. In this connection, it is represented that the board of directors will always be comprised of officers of the banks and trust companies which are eligible to invest in Applicant's shares. The certificate of incorporation provides that each bank which owns stock of Applicant shall be entitled to be represented on the board of directors by one director. Annual meetings of stockholders are required to be held.

Applicant requests exemption from that portion of section 24(d) which provides that no security issued by a registered investment company shall be entitled to the exemption from registration under the Securities Act of 1933 that is provided by section 3(a)(11) of that Act. Section 3(a)(11) of the Securities Act of 1933 grants an exemption for securities sold only to persons resident within a single state by a corporation incorporated in and doing business within such state. In support of its request, Applicant represents that it intends to distribute to each trust company and bank eligible to invest in its shares a copy of the registration statement filed under the Investment Company Act, and that such statement contains the information which Applicant would be required to furnish were it to register under the Securities Act.

Section 22(d) of the Act would require Applicant to sell its securities at a public offering price described in a prospectus. Applicant states that the same reasons urged for the exemption from section 24(d) have equal application to this request.

Applicant also requests certain relief from section 22(e) of the Act, which provides, with certain exceptions not pertinent here, that no registered investment company shall suspend the right of redemption or postpone payment for shares redeemed for more than seven days after tender. Applicant requests exemption from these requirements to the extent necessary to permit it to follow a pro-

cedure under which notice of redemption must be given fourteen days in advance of quarterly asset valuation dates and payment be made within ten days following such valuation dates. Applicant represents that such procedure is consistent with the practice followed by common trust funds operated by banks and trust companies in Maine and is appropriate in the special circumstances under which Applicant proposes to operate, since it is intended to offer participation to banking fiduciaries for funds held on a long-term basis.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any persons from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

For a more detailed statement of the matters of fact and law asserted, all interested persons are referred to said application which is on file at the office of the Commission in Washington, D.C.

Notice is further given that any interested person may, not later than June 20, 1960, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, as provided by rule O–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the showing contained in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

By the Commission.

GREAT BASIN CONSOLIDATED MINES, INC.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

I. Great Basin Consolidated Mines, Inc. (issuer), a Nevada corporation, 5306 Evergreen, Las Vegas, Nevada, filed with the Commission on May 5, 1960, a notification on Form 1–A and an offering circular relating to an offering of 300,000 shares of its $1 par value common stock at $1 per share for an aggregate offering of $300,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section (b) thereof and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that the notification fails to disclose that Marko Mining & Milling Co., Inc., a Nevada corporation, is an affiliate of the issuer.

B. An exemption under Regulation A is not available to the issuer in that Marko Mining & Milling Co., Inc., which became an affiliate of the issuer within the past two years, is presently offering its securities under Regulation A (24SF–2680) for an aggregate offering price of $300,000.

C. The offering circular omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to the failure to disclose the existence of Marko Mining & Milling Co., Inc., a company organized by and having the same controlling persons as the issuer and having the same business purpose as the issuer.

D. The offering would be made in violation of section 17 of the Securities Act of 1933.

III. *It is ordered,* Pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within thirty days after the entry of this order; that within twenty days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission, for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; that if no hearing is requested and none is ordered by the Commission, this order shall became permanent on the thirtieth day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission; and that notice of the time and place for any hearing will promptly be given by the Commission.

By the Commission.

MONARCH OIL & URANIUM CORP.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

JUNE 6, 1960.

I. Monarch Oil & Uranium Corporation, an Oklahoma corporation, 2840 West 24th Ave., Denver, Colorado, filed with the Commission on May 5, 1955, a notification and offering circular relating to an offering of 600,000 shares of its 1 cent par value common stock at 8 cents per share for an aggregate of $48,000, and filed various amendments thereto, for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof, and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that Monarch Oil & Uranium Corporation has:

1. Offered and sold its securities without the use of the offering circular required by the regulation;

2. Offered and sold its securities by the use of sales material not filed with the Commission as required by the regulation.

B. The notification and offering circular contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, particularly with respect to:

1. The failure to disclose information concerning a lease of some of the company's unpatented mining claims:

2. The failure to disclose an interest in certain property owned by the corporation;

3. The failure to reflect the contingent liability due to sales of securities in violation of the Securities Act of 1933, as amended;

4. The statement that the entire proceeds of the offering would be used primarily to repay prior purchasers of preorganization certificates sold in violation of the Securities Act of 1933, as amended.

III. *It is ordered,* Pursuant to Rule 223(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person have any interest in the matter may file with the Secretary of the Commission a written request for hearing; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be va-

cated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

UNION TEXAS NATURAL GAS CORP.

Notice of Filing of Amendment to Application

JUNE 6, 1960.

Notice is hereby given that Union Texas Natural Gas Corporation ("Union Texas"), successor by merger to Texas Natural Gasoline Corporation ("Texas Natural") and Union Oil and Gas Corporation of Louisiana ("Union Oil"), has filed an amendment to the application filed by Texas Natural, requesting that the exemption heretofore granted (Holding Company Act Release No. 13648, January 3, 1958) to Texas Natural and its subsidiaries, pursuant to section 3(a)(3) of the Public Utility Holding Company Act of 1935 ("Act"), be modified or amended so as to grant a like exemption to Union Texas, as a holding company, and to all of its subsidiaries, as such.

All interested persons are referred to the amended application for a statement of the facts submitted as a basis for the requested exemption, which facts are summarized as follows:

Union Texas, a Delaware corporation, is the surviving company resulting from a merger, effective March 3, 1960, of Texas Natural into Union Oil, which thereupon changed its name to Union Texas Natural Gas Corporation. Prior to said merger Union Oil and its subsidiaries were engaged in exploring for and producing crude oil, condensate and natural gas. Union Oil owned producing oil and gas properties in Louisiana, Texas, the Provinces of Alberta and Saskatchewan, Canada, and in Venezuela and Argentina. As at December 31, 1959 the consolidated assets of Union Oil and subsidiaries totaled $77,562,911 and for the year 1959 consolidated revenues and net income were $45,210,583 and $14,623,805, respectively.

Texas Natural and its subsidiaries, prior to the merger, were engaged principally in the manufacture and sale of liquefied petroleum gas and natural gasoline. Texas Natural also owned all the outstanding common stock of Florida Keys Gas Company, Inc. ("Florida Keys"), a Florida corporation, which is a gas utility company operating in Key West, Florida and environs. Florida Keys purchased its liquefied petroleum gas requirements from Texas Natural and now obtains these requirements from the surviving corporation. As at August 31, 1959 the consolidated assets of Texas Natural and subsidiaries totaled $52,333,214 and, for the 12 months then ended, consolidated revenues and net income were $33,234,510 and $4,526,227, respectively. Florida Keys, as at August 31, 1959, had total assets of $585,317 and for the 12 months then ended had revenues and net income of $382,361 and $17,022, respectively.

Union Texas and its subsidiaries are now engaged in the businesses formerly conducted by Union Oil and its subsidiaries and Texas Natural and its subsidiaries. The only subsidiary of Union Texas which is a public-utility company is Florida Keys, formerly a subsidiary of Texas Natural. Union Texas asserts that it is entitled to exemption under the provisions of section 3(a)(3) of the Act on the ground that "it is only incidentally a holding company, being primarily engaged or interested in one or more businesses other than the business of a public-utility company and not deriving any material part of its income from any one or more subsidiary companies, the principal business of which is that of a public-utility company."

Notice is further given that any interested person may, not later than June 27, 1960, request in writing that a hearing be held in respect of the request for exemption, stating the nature of his interest, the reasons for such request, and the issues of law or fact he desires to controvert, or he may request that he be notified should the Commission order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date the Commission may grant the exemption requested, or take such other action as it deems appropriate.

By the Commission.

G. KRUEGER BREWING CO.

Notice of Application To Strike From Listing and Registration and of Opportunity for Hearing

JUNE 7, 1960.

In the matter of G. Krueger Brewing Company, Common Stock, File No. 1-1331.

The American Stock Exchange has filed an application with the Securities and Exchange Commission pursuant to section 12(d) of the Securities Exchange Act of 1934 and Rule 12d2-1(b) promulgated thereunder, to strike the specified security from listing and registration thereon.

The reasons alleged in the application for striking this security from listing and registration include the following:

The number of shares which remain outstanding and unacquired by United Industrial Syndicate Inc., and the number of holders of such unacquired shares, have become so reduced as to make inadvisable further dealings therein on the Exchange.

Upon receipt of a request, on or before June 24, 1960, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington 25, D.C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application and other information contained in the official files of the Commission pertaining to the matter.

By the Commission.
